

COMMISSIONS FOR CADETS AT FORT HARRISON ANNOUNCED

LOCAL MEN DO WELL IN APPOINTMENTS

Perry Oneal Captain in Infantry
and Posey Denning and Scott
Buell in Field Artillery

LATTER 2 2ND LIEUTENANTS

Weldon Brann is Second Lieutenant
in Regular Infantry and Fran-
cis Coyne in Reserve

The appointments of candidates
at the officers reserve training camp
at Fort Benjamin Harrison were an-
nounced today in Washington. All
of the Rush county men at the camp
received appointments with the ex-
ception of two.

Adjutant General McCain today
instructed General Glenn, command-
er of the camp, to inform all con-
cerned of the appointments they
had received.

Most of the Rush county boys
were appointed to the Officers Re-
serve Corps, subject to call at any
time, one of them landing a cap-
taincy in the reserve. One of them
was appointed second lieutenant in
the regular army and another sec-
ond lieutenant in the quartermasters
corps, National army. The appoint-
ments all date from August 15,
1917. The camp opened three
months ago.

Perry E. Oneal, son of Mr. and
Mrs. Lien Oneal, was appointed cap-
tain in the Infantry section of the
officers reserve corps.

Charles O. Warfel, formerly su-
perintendent of the Indianapolis and
Cincinnati Traction company and at
one time a resident here, received a
similar appointment.

Harry Petry, son of Mrs. R. A.
Petry, has been appointed second
lieutenant of Company B, Fourth
Infantry, Indiana National Guard,
now stationed here. This appoint-
ment was announced at Washington
last Saturday and Lieut. Petry is
expected to report here at any time.

Francis I. Coyne, son of Mr. and
Mrs. M. M. Coyne, received an ap-
pointment as second lieutenant in

MEN WELL KNOWN IN STATE APPOINTED

L. R. Gignilliant, Commander of
Culver, Awarded Lieutenant
Colonel's Commission

FORMER GUARD MEN NAMED

R. N. Fairbanks, Son of Ex-Vice-
President Captain and A. R.
Robinson 1st Lieutenant

(By United Press.)

Fort Benjamin Harrison, Aug. 9.
—The lists of the commissions for
Indiana and Kentucky student officers
at Fort Harrison were made
public from Washington today. The
Ohio and West Virginia list will be
published tomorrow.

General Glenn, commander at the
fort, announced that Adjutant Gen-
eral McCain had issued instruction
that the commissions be dated from
Aug. 15.

Indiana fared well in the distri-
bution of the commissions to the
cadet officers. Names widely known
in the state are on the role of honor
in conspicuous places.

L. R. Gignilliant, famous as the
commander at Culver military acad-
emy is awarded a lieutenant colonel's
commission in the new army; Lester
Naftzger of Indianapolis formerly a
colonel in the Indiana National
guard, win a major's commission in
the infantry section.

Another winner is Richard N.
Fairbanks, son of ex-vice-president
Fairbanks who was given a cap-
taincy. State Senator Arthur R.
Robinson, republican leader in two
sessions of the legislature, is given
a commission as first lieutenant in
the new national army.

REQUIREMENTS NOT TO BE SO STRICT

Provost Marshal Rules Men With
Defective Teeth Be Given Time
to Have Work Done

LESS STRINGENT RULES MADE

(By United Press.)

Washington, Aug. 9.—Further
steps were taken by the government
to increase the number of men
available for service in the new
national army, a ruling of the pro-
vost marshal greatly modifying the
physical requirements being made
today.

Men with defective teeth who
have heretofore been turned down
will have an opportunity to get into
the service. General Crowder's order
in part followed:

"Men with defective teeth should
either be accepted or allowed time
to have the necessary work done
and enrolled later."

Reductions of weight from five to
twelve pounds, according to height
and in chest measurements of one
half-inch in case of men taller than
5 feet, eight inches were also al-
lowed.

Requirements in ear and eye tests
were modified so as to exclude few-
er men with defective hearing and
sight.

Word was received here today
that Miss Helen Scott underwent an
operation for appendicitis at the
Methodist hospital in Indianapolis
this morning, and is doing nicely.

Dr. Arnold Mull went to Muncie
today to vaccinate the entire herd
of show hogs belonging to George
Reeve, consisting of 69 brood sows
and four male hogs.

MUSTERING IN OF CO. B COMPLETED

Men Are Elated Over Showing Made
to Lieut. Collins, Who Left To-
day for Newcastle.

HE PRAISES THEM HIGHLY

Examining Officer Here Today to
Complete Step to Make Co. B
Part of U. S. Army.

Co. B To Have Pie Tomorrow

Pie is an unheard of thing
on the menu at Camp Edward
H. Wolfe, but tomorrow the
boys are going to have their
fill of it. Senator James E.
Watson's class of women of
the Methodist Sunday school
will bake enough pies to go
around for tomorrow's dinner
and the boys are already lick-
ing their jaws in anticipation
of the treat.

Camp Edward H. Wolfe, Aug. 9.—
Cold, rainy weather failed to damp-
er the ardor of the men of Company
B today and they proceeded with the
training schedule as on former days.
The men were elated over the show-
ing made to the mustering officer, Lt.
Collins. The muster was completed
this morning and Lt. Collins left im-
mediately for Newcastle where he is
to muster in the company at that
place.

The examining officer Lt. Wells
was here today and this will com-
plete the final step of making the
company a part of the U. S. army.
Capt. Kiplinger and the other officers
feel confident as to the outcome with
the examining officer. One or two
men may be discharged but the com-
pany has sufficient men for a full
company regardless of the outcome.
Lt. Collins was loud in his praise
for the local company. He stated
that the membership was the largest
of any he had yet seen and declared
that the records of the company
were in fine condition.

After mustering the company a
recommendation to the quartermas-
ter for supplies and equipment was
made and as this company is to pre-
cede the regiment to Hattiesburg the
supplies are expected to reach here
soon. Other companies of the
Fourth regiment are in need of sup-
plies just as badly as Company B,
but because this company has been
certified as being ready to go south
the supplies are expected to be given
out here first.

The men in camp are making great
preparations for receiving Senator
James E. Watson Friday afternoon.
Senator Watson will talk to the men
at 4:50 o'clock and the public is in-
vited. The sanitary corps, in train-
ing in Rushville, will come to Camp
Wolfe to pay respects to Company
B and participate in the exercises.

Yesterday was the first public vis-
iting day at the camp and many
friends of the boys took advantage
of the opportunity to call at the
camp. Capt. Kiplinger invited Adj-
utant General Smith to come down to-
morrow and participate in the ex-
ercises but General Smith had to de-
cline because he will participate in
the exercises tomorrow afternoon at
Fort Harrison.

A little warmer weather would be
appreciated by the men. While the
nights are fine to sleep, the weather
is a little too cool for the amount of
bed clothing the men have and last
night many of the men complained
of being cold. The cool weather in
the day time, however, is ideal for
drilling and training.

More vegetables were received in
donations this morning. The com-
pany appreciates the vegetables.
This morning some tomatoes, pota-
toes and green beans were picked up
at the sheriff's office showing that
the public is responding to the call.

SUFFRAGE LEADER LECTURES TODAY

Mrs. Grace Wilbur Trout, President
of Illinois Equal Suffrage As-
sociation, Speaks at Assembly

SEXTETTE PLEASURES CROWDS

Dr. E. A. Steiner Displays Talent
as Linguist and Ability to
Think in World Terms

Tonight

7:30 p. m. Moving pictures of
Sir Douglas Mawson's \$300,-
000 expedition to the Antarctic
region.

9 p. m. Postlude—The Bos-
ton Symphony Sextette.

Friday, August 10th

2 p. m. Lecture—Dr. Arthur
W. Evans, nephew of David
Lloyd-George, British Premier.

3 p. m. Lecture—Dr. Beavers.

4 p. m. Concert—The Hruby
Bohemian Orchestra.

7:30 p. m. Concert—The
Hruby Bohemian Orchestra.

Saturday, August 11th

2:00 p. m. Lecture.

3:00 p. m. Lecture.

4:00 p. m. Postlude—The
Chicago Operatic company.

Sunday, August 12th

2 p. m. Lecture—Senator

James E. Watson.

3:00 p. m. Lecture—Private

and Mrs. H. R. Peat.

4:00 p. m. Postlude—The

Chicago Operatic Company.

7:30 p. m. Grand Concert—

The Chicago Operatic Com-

pany.

Following two splendid lectures
yesterday and postludes by two
different musical organizations,
chautauqua audiences today had in
prospect many good things before
the assembly comes to a close Sun-
day night.

Interest centered about the lec-
ture this afternoon at two o'clock
by Mrs. Grace Wilbur Trout, presi-
dent of the Illinois Equal Suffrage
association. She is a noted suf-
fragist who has been a leader of
Illinois women seeking the ballot
for several years. Mrs. Trout out-
lined the difficulties which the wom-
en of her state overcome in obtain-
ing part suffrage.

The Boston Symphony Sextette,
which made its first appearance at
nine o'clock last night and was
given a very cordial reception, was
on the program for a concert and a
postlude today. They played at
four this afternoon and will play
again tonight at nine o'clock fol-
lowing the showing of moving pic-
tures of Sir Douglas Mawson's
\$300,000 expedition to the Antarctic
region.

The popularity of the Schuman
Quintet here a few years ago made
certain that the Boston Symphony
Sextette would be well received be-
cause the two organizations are
very similar. The Sextette made a
fine impression on the audience last
night and gave promise of two ex-
cellent programs today.

The Hruby Bohemian Orchestra,
which will be here for two perform-
ances tomorrow, is sure to attract a
large crowd because the organiza-
tion has been here before and plays
music that has a wide popular ap-
peal. The whole program tomorrow
night will be devoted to a concert
by the orchestra. The postlude
will be at four o'clock in the after-
noon.

Great things are expected of the
lecture tomorrow afternoon at two
o'clock by Dr. Arthur W. Evans,
nephew of David Lloyd-George,
British premier. He is well informed
on world affairs and has first hand
knowledge of the war. Dr. Evans
has been lecturing at chautauqs
in this part of the state and has
been greeted by large crowds every-
where.

ONLY FIFTEEN MEN OF FIRST GROUP CLAIM NO EXEMPTIONS

Sixty-six of 114 Found Physically
Fit But 51 of Them Seek to
be Discharged.

Original Call For 132 Men But Many
Are Not Examined Because
They Are in Service.

Following the completion of the
third day of examining men for the
new national army, the local selec-
tion board found that it had the
names of fifteen men who have
passed the physical tests and have
not filed claims for exemption. In
this list, however, are several men
who will file claims for exemption
before the district board, so that the
exact number of men obtained for
the new army following the three
days examinations is very uncertain.

The board completed its third
day's examination late yesterday af-
ternoon. The original list for the
first three days contained 132 names
twice the number of Rush county's
quota of 66. But because many of
these men are already in some
branch of service they were not ex-
amined and a total of 114 men were
before the board.

The result of the three days' work
showed the following results: Fif-
teen accepted, who filed no claims for
exemption; fifty-one accepted, who
filed claims for exemption; forty-five
discharged because of physical de-
fects; two held for re-examination
pending advice from the war de-
partment regarding certain require-
ments, on which the board was not
quite clear and one examination
postponed until Sept. 20.

Twenty-two men were accepted
yesterday and seventeen discharged.
Of the twenty-two accepted all but
five filed claims for exemption. The
complete list shows that the board
found sixty-six men out of the total
of 114 who were physical fit. This
is considered a fine record and
shows that considerably over half
of the men examined are found phy-
sically sound for the army.

The letters notifying the second
list of 120 men to appear for exam-
ination next Monday, Tuesday and
Wednesday were mailed yesterday.
These men will appear in lots of
forty. The last day for these men to
file exemptions is next Wednesday.
Some of the men have been in al-
ready wanting to file exemptions.
The board has discouraged this

BOYS IN KHAKI TO BE GUESTS AT ASSEMBLY

Company B and Sanitary Detach-
ment Will Sit in Reserve Sec-
tion Sunday Afternoon

ARE ADMITTED FREE ANY TIME

The Rush County Chautauqua
has been thrown open to both mem-
bers of Company B and the Sanitary
detachment. Men in both branches
of the service are admitted free at
the gate and the chautauqua man-
agement expressed the desire today
that the men take advantage of the
offer.

The observance of War Sunday at
the chautauqua may be made more
realistic as both Company B and the
Sanitary detachment have been in-
vited to march in a body to the
coliseum Sunday afternoon and hear
Senator Watson and Private Peat
of the Canadian army who has seen
service at the front. Capt. Kip-
linger notified the committee that he
believed his boys would accept the
invitation and Major Carey said it
was agreeable to him. Taking these
messages as assurances the chau-
tauqua association will reserve
seats for both units Sunday after-
noon.

ARE VACCINATED FOR SMALLPOX TODAY

Men of Sanitary Detachment Are
Expected to Develop Some Sore
Arms Within 3 Days

TWO MORE 'SHOTS IN THE ARM'

Members of the sanitary detach-
ment of the Fourth Infantry, Ind-
iana National Guard, were vaccin-
ated for smallpox today. If the
vaccination "takes," there will be a
lot of sore arms in the sanitary de-
tachment in three days. They will
not more than be over that until
they get another "shot in the arm."
The other two vaccinations will be
for typhoid fever and paratyphoid.
Neither of these is expected to de-
velop any soreness.

Additional equipment for the san-
itary detachment arrived today
from the state fair grounds at In-
dianapolis. It had been shipped
there in anticipation of the detach-
ment being called there, but Major
Carey urged that the detachment be
left here for training until called to
a permanent camp.

KAISER CALLS AN IMPORTANT MEETING

Chancellor Michaelis Leaves Berlin
For Emperor's Headquarters,
Reports Say

CROWN PRINCE TO BE PRESENT

(By United Press.)
Amsterdam, Aug. 9.—One of the most important conferences has been called by the kaiser at his headquarters.

Chancellor Michaelis has left Berlin for the headquarters in response to a summons from the kaiser, according to reports here.

In the conference with the kaiser will be the crown prince, field marshal von Hindenburg, chief of staff; Quartermaster General Ludendorff, Hindenburg's right hand man; Chancellor Michaelis; Dr. Kuhlman, the new foreign secretary and the minister of interior Helfferich.

In view of the recent change in the cabinet it is not only the military policy of the empire to be discussed.

U-BOAT COMMANDER DROWNS CREW OF SHIP

Hitches Life Boats to Submarine
And Then Submerges, Killing
All But Two Men

THE ATROCITY IS CONFIRMED

(By United Press.)
Washington, Aug. 9.—Official confirmation of barbarism by a U-boat commander was received by the state department today in a report of the sinking of the British steamer Belgium Prince.

The state department said:

"A consular telegram to the state department says that the British steamer Belgium Prince was sunk without warning 200 miles at sea on the evening of July 31. The crew of 44 entered the life boats. The submarine emerged and took the captain prisoner. The crew was then compelled to turn over the life belts, searched for weapons and finally the submarine commander took the oars. The boats were tied to the submarine which proceeded fourteen miles and then submerged, drowning the crew except the chief engineer and one negro.

CAN FIX PRICES, OPINION

Ohio Legislature Has This Right
Attorney General Rules

(By United Press.)

Columbus, Ohio, Aug. 9.—The Ohio legislature has the power to fix coal and food prices. Attorney General McGee so ruled today.

The ruling covers both Ohio mined coal and coal shipped in from other states. On the heels of the McGee ruling came word from sources close to Governor Cox that a special session of the legislature is a strong possibility.

ARTILLERY DUELS

(By United Press.)

Paris, Aug. 9.—Artillery duels again raged in the Aisne sector of the French front during the night. The war office today reported active artillery exchanges in the region of Ptaon and Chezyregny.

TO TAKE CHARGE OF FUEL SITUATION

Armed With Authority The Federal
Trade Commission Hopes to
Solve Industrial Trouble

AMENDMENT EMPOWERS BODY

Food Bill Says President May Fix
Prices and if he Sees Fit Take
Over the Business.

Washington, Aug. 9.—Armed with authority to fix prices from the mine to consumer, the federal trade commission today is preparing to take charge of the fuel situation, hoping to solve much of the industrial troubles of the country.

Under the Pomerene amendment to the food bill, the president may fix prices and if he sees fit take over the business.

The amendment establishes absolute control of what experts believe is the biggest factor in war preparations.

Federal trade officers, expecting the president to turn over the coal controversy to them immediately, are speeding their investigation to fix cost prices from the mine to consumer.

A report of the commission to be published shortly is expected to put the blame for the coal shortage—declared to be artificial—jointly on the coal producers and the railroads. Huge exports of coal, it is charged, are being made to Canada in order to create a shortage that will result in higher prices here.

The food bill passed through the last stage of legislative enactment late yesterday afternoon when it was finally adopted by the senate in the form previously approved by the house. President Wilson's signature is all that is needed to make it a law. The vote was 66 to 7.

Those voting against the conference report were: Democrats, Hardwick, Hollis and Reed; Republicans, France, Gronna, LaFollette and Penrose.

Immediately after the final vote on the control bill the Senate by a viva voce vote also approved the conference report on the first administration food bill, providing for a food survey and appropriating to stimulate production.

SLACKERS POSE AS WAR VETERANS

Those in England Buy Old Uniforms
in Attempt to Evade Military
Service

POSE AS FIGHTERS ON LEAVE

(By United Press.)

London, July 20 (By Mail)—The Provost Marshal has discovered a new way of circumventing army slackers. He won't let the London hock-shops sell military or naval uniforms any more because slackers were buying them and posing as fighters on extended leave.

The slacker knows no modesty. If he can't get the uniform of a brigadier—well, a field-marshal's tunic will do, with lots of medals.

Captain H. T. Hewett, handling the prosecutions for the illegal sale of uniforms, obtained three convictions in one day, an indication of the wide spread of this type of evasion. One dealer was fined \$275 for selling a civilian the uniform of a general-staff colonel with two Ashanti medals.

Magistrates threaten to impose the maximum fine of \$500 in future cases.

WILL KNIT WASHCLOTHES

Children Will Form Class to Work
For The Red Cross

Mrs. J. B. Reed, 606 North Jackson street, has been appointed to conduct children's classes in knitting washcloths for the Red Cross. She urges that children who care to join see her at her home at once. It is desired that they call as soon as possible and the class will likely be formed next week.

IS RELEASED FROM JAIL

Henry Smith is With Co. B, George
Phillips Dismissing Charge.

Henry (Jaybird) Smith, held on a seduction charge since last week was released last night and is now in camp with Company B. Prosecutor Stevens dismissed the case against Smith after receiving a letter from George Phillips in which he expressed a desire to drop the charge providing Smith was still of a mind to go to war. It was predicted yesterday that this action would be taken. Smith was taken from the jail yesterday afternoon that he might be mustered in with the rest of the company and later in the evening was given his freedom.

MORE THAN SCORE ARRESTS

Men Are Being Held in Texas For
Resisting Draft

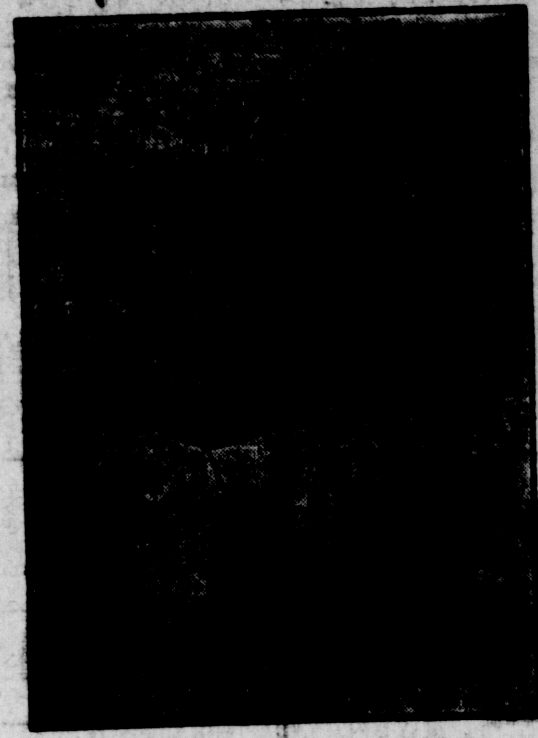

(By United Press.)

Emory, Tex., Aug. 9.—More than a score of men from various towns and farms in this section have been arrested during the past twenty-four hours in connection with a general movement to resist the army draft. Eighteen were brought in last night by Texas rangers and a federal officer brought in six more this morning.

FRENCH MAKE GAINS

(By United Press.)

London, Aug. 9.—New gains by the French forces in the northwest of Bixchoote on the Belgium front, were reported in the official statement forwarded by Field Marshall Haig today.

ONLY FIFTY-FIVE MEN OF 1ST GROUP CLAIM NO EXEMPTION

Continued from Page 1.

practice, pointing out to the men that to save time and keep the records straight the best time to file the claims is on the day they take their examination. In this way just as soon as the men complete the examination they can sign the exemption claim. The board points out that the men should first be examined, because if they fail to pass the examination there is no need of filing the claims.

The local board's loose leaf docket arrived this morning and the members spent most of the day getting the records of the men thus far examined in shape. Each man is assigned a page and the entire record of the proceedings in his case is kept on this page.

APPEAL MADE FOR CLEAN SCHOOLS

Dr. Hurty and State Supt. Ellis Write Trustees to Make Repairs At This Time

WOULD IMPROVE CONDITIONS

(By United Press.)

Indianapolis, Ind. Aug. 9.—Appeals are being made to township trustees to make every effort to provide clean, comfortable school houses for children by State Superintendent of Instruction, Horace Ellis and Dr. J. N. Hurty, state health commissioner.

The letters being sent out state in part:

"Without health the child will fail. In no small degree the future of our country is in your hands. Surely you will rise to this duty.

"Soon your schools will open. Practice no false economies in connection with schools. Don't hesitate to purchase with honesty and care all necessities. Don't wait until a few days before the school opening date to make repairs. Banish dilapidation and dirt. A dilapidated dirty school house is a menace to health, efficiency and life. Secure a good water supply. Children need plenty of pure water in order to grow properly and to keep in good health. To deny children an abundance of pure water is an assault upon them. Don't assault children. Out-houses must be in good repair—clean, screened and with good walks leading to them. This is a legal, moral and physical necessity.

Mr. and Mrs. Ross Schrader of Harrisburg, Ill., have moved to the Schrader farm north of the city, where Mr. Schrader will manage the place for his father, Henry Schrader.

NEW INVENTION LOCATES GUNS

Ingenuous American Gets Credit For Instrument Which Upsets Theory of Artillery Battles

NOW USED ON FRENCH FRONT?

At a Distance of Eight Miles The Position of Enemy Gun Can be Determined

Washington, August 9.—An ingenious American must again be given credit for another revolutionary invention, this time one which is calculated to upset the whole theory of artillery battles.

The new invention, the name of which must be kept secret for military reasons, is based upon an invention perfected by the United States Bureau of Standards, the decimeter, an instrument which is used to tell the location of any noise producing body by the decrement of the air waves produced.

By means of the new invention, which is now in actual use on the French front, it is possible to tell the exact location of a German cannon, even when it cannot be seen or heard. It is possible to judge, even at the distance of eight miles, so accurately the position of an enemy gun that a shell can be placed within fifty feet of the cannon aimed at.

The instrument now in use is set up at a certain point on the French line, and the actual distance to the enemy cannon is judged by the decreasing air waves. From another instrument at another point in the French line a similar reading is given so that with the two instruments and the German cannon a triangle is formed. By determining the exact distance from the two instruments to the German cannon, its position can be found. A shell is fired from a French cannon and the position at which it strikes can again be determined by use of the new American instrument. If the aim is inaccurate, it can be corrected until the German cannon is destroyed.

This instrument is so revolutionary in its practical application that when it is placed into use along the entire Western front, officials say, the use of aeroplanes as locators of enemy artillery will be done away with.

FOURTEEN PERISH ON SHIP

Schooner George A. Marsh Destroyed in Gale on Lake Ontario

(By United Press.)

Kingston, Ont., Aug. 9.—Twelve out of fourteen persons aboard the schooner George A. Marsh perished when the vessel was destroyed in a thirty-five mile gale which swept Lake Ontario on Tuesday night, it was learned today. The dead include Capt. Smith, his wife and five children.

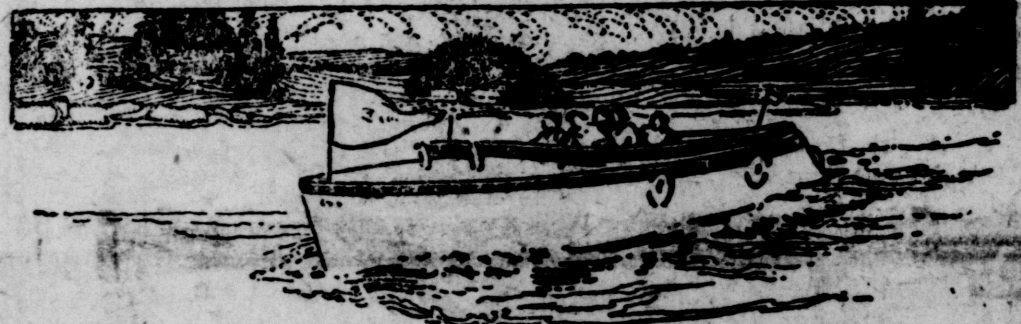

In Vacation Land

Every year many thousands more people are carrying "A. B. A." Cheques as "vacation money" because these Cheques relieve the traveler from worry about the care of funds.

Hotels, steamship and railroad companies, merchants and business houses everywhere accept these Cheques readily in payment of bills or purchases, and 50,000 banks cash them without charge.

The only identification needed is the countersignature of the owner on each Cheque in the presence of the person accepting it.

"A. B. A." Cheques are safe, because they can be used only by the original purchaser and if lost or stolen may be replaced.

THE PEOPLES NATIONAL BANK
RUSHVILLE, INDIANA

OPEN TO BOYS FROM 16 TO 20 YEARS OLD

Contest in Live Stock and Grain Judging Will be Staged at State Fair This Year

PRIZES WILL BE AWARDED

Each Contestant Will be Required to Give Reasons For Making Decisions He Does

Ambitious Indiana boys who would like to attend the eight weeks winter course at Purdue University next winter may do so with all expenses paid by winning one of the prizes offered by the State Board of Agriculture in the Boy's Livestock and Grain Judging contest at the Indiana State Fair on Sept. 4th. This contest is open to any Indiana boy between the ages of 16 and 20 years inclusive who has not been regularly enrolled in any agricultural college or has previously won a prize in a previous state fair judging contest. Two hundred and fifty dollars will be given in cash to the boys standing first, second, third and fourth. This liberal offer affords boys who are interested in an agricultural education an opportunity to attend Purdue even though available funds are short.

Each contestant will be required to place and give brief reasons for his placing of one class each of draft horses, mutton sheep, lard hogs, beef cattle, dairy cattle, white corn, yellow corn and wheat. The work of the contestants will be graded on a basis of 60 percent on placing and 40 percent on reasons. The classes of livestock will be placed by the judges of the regular classes and the reasons will be

WILL SHOW MOVIES ON BATTLESHIPS

Latest Films Will Help Entertain British Sailors in Their Wait For German Fleet

CITIZENS RAISED A FUND

(By United Press.)

London, July 10.(By Mail)—The latest films, and good ones at that, instead of the flickery, eye-straining kind, will be shown to the British sailors in their long, arduous wait for the German fleet to come out and fight. Liverpool citizens established a fund which they placed at the disposal of Admiral Beatty for any purpose he might name and the Admiral wrote back:

"I can serve this intention in no better way than by indicating the work of the newly-formed Fleet Cinema Committee, organizing moving-picture entertainments on each ship. The benefit to the men will be real and lasting and I know of no better means by which their minds can be temporarily withdrawn from the monotony of their surroundings and thereby become refreshed and reinvigorated to renew their work.

graded by a member of the Animal Husbandry Department of Purdue University, thus giving each boy a chance to compare his judgment with that of the best judges in the country and see at close range how these men examine an animal and hear them give their reasons for placing them as they do.

More detailed information concerning the contest may be obtained by writing to Purdue University School of Agriculture, Lafayette, Ind., or to Chas. Kennedy, secretary of Indiana State Fair, Indianapolis, Ind.

Come In and Look Over The McCormick Corn Binder

YOUR corn is a valuable crop nowadays. You need all of it, can't afford to waste any, and must use the most economical way to harvest it.

Of course hand cutting is very slow hard work, at a time when help is hardest to get. If the corn is down and tangled, with many short stalks, it is still much slower and more wasteful.

The McCormick corn binder is a wonder for the corn grower. It saves the hardest kind of labor and much time, gathers all your corn — short, long, down, tangled — into neat, easily-handled bundles. It is easy on the horses, convenient for the driver.

The more careful a buyer you are, the surer you are of buying a McCormick. Come in and see it.

Plain About Dependents

The provost marshal-general has sent a message to Governor Goodrich calling his attention to the reasoning which the local selection should go through in acting on a claim for exemption on account of dependents. He says:

"Please call attention of local boards to the fact that a soldier's pay is not less than \$30 a month and that all clothing, subsistence, medical treatment, and housing are furnished him. Under the law he may allot any portion of his pay to a dependent. Many soldiers receiving \$30 a month are easily able to allot \$25 monthly to the support of dependents.

"In case of death in line of duty the government will pay to the beneficiary designated by the soldier six months' pay. Section 4 of the selective service act provides that those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable may be discharged, but it does not require that they shall be discharged in all such cases.

"The discretion of local boards is invoked by this provision and such boards may well take the facts recited above into consideration in deciding claims for discharge due to dependency with a view to determining whether, as a matter of fact, the person claiming such discharge will not be in as good or better position to support his dependents after selection for military service than he was before. If such is the case, of course, the discharge should not be granted.

Soldiers May Vote

Provost Marshal-General Crowder has made it plain in a statement issued at Washington that the federal government will have no bar to soldiers voting in their respective homes. This means that every Rush county man in the service of the United States army or navy will be allowed to participate in the election next November, providing the war is still in progress at that time. The

only thing that prevents any soldiers from voting is the necessary state law.

The last session of the Indiana legislature enacted a law giving Indiana soldiers the right to cast their ballots regardless of where they are stationed at the time of election. The question came before the legislature as many Hoosier soldiers on duty along the Mexican border were prevented from voting in the last general election because this state had never given soldiers at the front specific right to cast their ballots. The old law provided that voters must cast their ballots in the precincts in which they claimed legal residence. Of course, it was impossible for the men on the Mexican border to return to Indiana on election day and as a result they were precluded from participating in the election.

At the time the law was enacted there was considerable sentiment in favor of it. The public realized that if Hoosiers are loyal enough to serve their country at the front they ought to be entitled to the privilege of voting.

Illustrating The Tariff

According to the U. S. Consul General at Shanghai, China, the United States stood first on the list in trade with Shanghai in 1916, with a total of \$82,293,022. But there is this to note in qualification of that statement: Our Shanghai trade consisted of \$26,000,000 in sales and \$56,000,000 in purchases, or \$30,000,000 out of our pockets in the annual reckoning. Great Britain's trade with Shanghai totaled \$72,270,092. But Great Britain bought from that province \$21,000,000 worth, and sold it \$51,000,000 worth making a profit of \$30,000,000, just what we lost. Japan, third, total trade, \$72,216,043, sales \$44,000,000, purchases, \$28,000,000, profit \$16,000,000. Hongkong, with a total of \$31,000,000, made a profit of \$4,000,000. France and Russia bought more than they sold in their dealings with Shanghai, but in neither case was the balance against them anything like the Shanghai balance against us. The Underwood-Wilson law is very rich in such illustrations as this.

A Three Year Nap

The fourth year of the war in Europe has begun and the fourth month of our participation in it has ended. If we had begun to do, three years ago, some of the things which we are hardly prepared to do after four months of effort, our contribution to our Allies would be more emphatic and valuable. When the reckoning is taken, both among those who have favored our entry into the war and those who have clamored to be "kept out of the war," the one outstanding thing, the one item of censure upon which all will be agreed is that our neglect of national preparedness for three years was nothing short of criminal in its folly — and there will be no difficulty in allotting the blame for it.

Mr. McAdoo's constantly increasing estimates and demands for money necessary to carry on the war recalls the story of the two ladies who were talking about money matters. "Does your husband give you all the money you want?" asked one. "Mercy no," replied the other. "There isn't that much money in the world."

Among the charges against a southern sheriff whom his constituents are trying to remove from office, is that he smokes cigarettes. The cuss should cultivate a few real vices.

An exchange protests against the proposal to make men's garments without pockets. Come to think of it, they aren't of much use any more.

Let us hope that while Russia is in the reform business she will take a shot at her language.

Too much Denman—too much Goethals—too few ships.

—Mrs. Frank Catt has left for Detroit, Mich., for a visit with relatives and friends.

Private Peat Who Speaks At Chautauqua Sunday.

The following are some press comments concerning Private and Mrs. Harold R. Peat, who will appear at the chautauqua Sunday afternoon. Private Peat having been wounded while on duty on the west front in Europe and disabled:

"Private Peat's talk was most appealing in its quaint-humors and boyish naturalness. To give such a grim subject a human turn; to reflect the life and spirit of youth at the front, under the most appalling conditions in speech, is an art indeed, and this young Canadian soldier has that art."

Evanston Star, Chicago.

"Hearing the young Canadian soldier, Private Peat, tell of the life in the trenches, is the next thing to going to war."

St. Louis Republic

"Private Peat's lecture was one of the finest things I have ever heard."

MAJOR GIGNILLIATT

Commandant Culver Academy
"Mrs. Peat has a message for every woman in America."

Indianapolis Sunday Star

"Mrs. Peat has a charming and attractive manner and is a markedly good speaker. She has been in the War zone since the beginning of the hostilities and her opinions on the many subjects of Woman's place in the struggle are worthy of close

attention."

EMILY MURPHY

Dominion, President Canadian

Woman's Press Club.

Mrs. Peat has been through 14 Zeppelin raids.

After nearly two years in the trenches Private Peat was shot in the lung and shoulder. He will tell of gas attacks and the tanks in action.

Obituary

The Death Angel visited our home last Saturday evening and took from our midst our beloved husband and father after an illness of four weeks. He bore his suffering well and never complained. He was widely known and was loved by all who knew him. He was a good and honest man, always ready to help at any time that was needed. He was a good, kind husband and a faithful father. He will be sadly missed at home and by his friends and neighbors as he was a man who loved his home.

Commodore Perry Bennett was born in St. Paul on Feb. 5th 1863 and passed away to the great beyond on August 4th 1917 at the age of 52 years and 5 months. He was married to Mrs. Cora Adams, Dec. 12th 1896. To them were born two sons, one having died in infancy. He is survived by his wife, one son, Wilbur Bennett, one stepson Leroy Adams and two grand children to mourn the loss of a good husband and father and grandfather and a host of relatives and friends who will sadly miss him. He leaves also 2 brothers and one sister. Willard Bennett of Rushville, Robert Bennett of Kentucky and Mrs. Nellie McCarty of Indianapolis.

Gone But Not Forgotten

A precious one from us is gone. The voice we loved is still. A vacant place within our home That never can be filled.

Those darling hands that toiled so hard,

Was folded on his breast and Jesus took him home

Where there's no toil but rest. Farewell our dear and loved one.

We hope to meet some day.

And there will be no sorrow. But our tears will all be wiped away.

THE SAD ONES' WIFE, SON
STEPSON AND DAUGHTER-IN-LAW

Town Boys, Fall In!

(By George Ade)

Do you know of a boy, somewhere between 16 and 21, husky and of good mind, who understands about the war and wants to help his country win this war?

If so, tell him to get ready to go to the recruiting station and enlist for service. He will not be sent to the trenches. He will not have to drive an ambulance over torn-up battlefields. He won't even hear the big guns.

Just the same he will be serving his country, and for this service he will be awarded a badge of honor which will be worth several times its weight in gold, for it will be evidence that the boy came to the front with manly patriotism when he was needed.

President Wilson at his desk in Washington, the man hammering rivets in a ship yard, the expert mechanic adjusting the parts of an aeroplane, the farmer driving a self-binder some where in Minnesota—all these are helping to win the war, just the same as the American soldiers who are learning to throw hand grenades.

Gunpowder will never win a war unless the soldiers have something to eat. Any man or boy who helps to grow and harvest a crop while the war is on, is helping the United States in its big job of feeding the world.

Town boys, everywhere, attention! Your country needs you.

You are asked to join the Boy's Working Reserve.

You are called upon for non-military service in the fields where crops are being grown.

Watch your home paper and when the recruiting office opens, go and enlist.

Remember you must be at least 16 and under 21, in good health and free from threatening diseases. You must have the written consent of your parents or guardian. You must take the oath of service and be enrolled, but you will not be a real member of the Reserve and have a right to wear the badge until you have "made good" in the work you tackle. You will have to do about three week's actual work on the farm before you are a "regular." Then, if you have worked loyally and faithfully during 1917, the local officers will recommend you to the national organization and you will receive the "Honorable Service" decoration to be attached to the badge you are already wearing.

All sorts of plans are being discussed for physical training after the boys enlist and before they go to the farm, for putting the boys into camps, for having special instructors and so on.

The message I am trying to deliver herewith, as messenger boy for

the State Council of Defense, is that the Boy's Working Reserve is to be organized in every part of Indiana and that boys who are just under the fighting age will have a chance to help serve their country. Parents or guardians may revoke enrollment and withdraw the boys from service anytime they see fit.

You have, in a very small nutshell, the plan for the Boy's Working Reserve.

No matter how long the war lasts, the farmers will be short of help during the rush seasons. When the drafted men go away, the call for "hands" will be louder than ever before.

In the cities and towns are plenty of strong and capable fellows, practically full grown, but still under fighting age and not yet settled into permanent positions. They are the only reserve workers to be found in the state. Most of them are fairly intelligent. Only a small percentage are downright lazy. The question is, can they be utilized on the farms.

The answer is "Yes", because the Reserve is being tried out in several states and the reports are encouraging.

There was a time when every country boy was supposed to be a rugged giant and every town boy was a pale and sickly invalid. That was before the public schools went in strong for athletic sports. Nowadays the boy of high school age has learned to play foot-ball, basket-ball or base ball, or all three. He had tried for a track team. He knows the rules for training and prides himself on his good physical condition. If he volunteers to go out on a farm and help get in a crop, he will be a greenhorn regarding some details of the work, but how long will it take him to learn under kindly and sensible direction.

The average town boy, if given a fair chance and not ridden or ridiculed by the young bucks who live in the country all the time, undoubtedly will learn to do his part.

So get ready for the Boy's Working Reserve. It comes with the official sanction of President Wilson. It is being organized and directed by the Department of Labor. Governor Goodrich is the official head of the Reserve here in Indiana. The State Council of Defense endorses it to the limit. Isaac D. Strauss, of Logansport, a member of the State Council, is the live wire in charge of actual organization throughout the State. The government is trying to get a direct passage to the boys old enough to work, but not old enough to fight. It says to them, "Help us to win the war and we will pin upon your coats the badges of honorable service."

SUFFRAGE LEADER LECTURES TODAY

Continued from Page 1.

MRS. GRACE WILBUR TROUT

Some confusion has been caused because there is no program Saturday night. None is provided for in the printed program, but in a write-up of the Chicago Operatic company, it was unintentionally stated that they would be here Saturday afternoon and night. The night program was discontinued because in past years the attendance has never been very good.

The announcement last night that Senator James E. Watson would speak Sunday afternoon was received with a ripple of applause from the audience.

Saturday afternoon at three o'clock prizes will be awarded in the flower contest for school children conducted by the Rushville Womans Council. This is always an event of great interest. The prize winners and other flowers grown in the contest will be displayed.

The lecture tomorrow afternoon at three o'clock by Dr. J. C. Beavers of Purdue university will pertain to crops and their improvement. He has lectured at institutes and chautauquas for several years. His subject here will be "Wheat Improvement."

The Cordova Concert company left such an impression at the postlude yesterday afternoon at four o'clock that many wished the company was here for more than one appearance. There were three women and a man and they all proved to be versatile musicians, playing the piano, flute and violin, and one member was a reader of great ability. The program was of great variety and of the sort that chautauqua audiences like to hear often.

From gay jests and neatly turned points of humor to the terrific declaration that "The Kings must go," Dr. Edward A. Steiner kept the audience thinking and in good humor at the chautauqua last night. He demonstrated his great ability as a linguist as well as his ability to think in world terms.

He declined patriotism in a way that gave everyone a new idea, of the much-used term. He insisted that patriotism had a stomach-line as well as a heart-line and that man's love of country depended much on the state of his well being in that country.

Dr. Steiner said that he was born in Vienna of the Jewish faith, and it was very apparent from his words that he had been converted to the Christian religion. Dr. Steiner was also very plain about his Americanism.

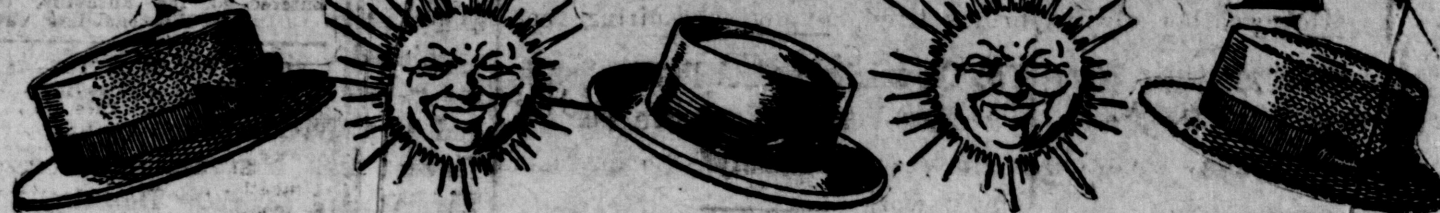

"All the real estate I own is a cemetery lot in Grinnell, Iowa, a bit of ground I treasure," he said, "but as I travel across this continent lecturing and on other trips I say to myself, this is my country in which I live and for which I am willing to die."

Dr. Steiner kept the audience willing listeners for an hour and a half with clever stories. For instance, he asserted he could tell who brought on the war. He did it in an apt child's story, in which the answer to a query as to who caused it was:

"The gentleman who keeps Hell is the particular party who started the war."

Dr. Steiner regretted that he had come upon a time when his confreres in German science and literature "jabbered like idiots," and that he must follow America in war upon them, but said that America was in this war righteously and it must be prosecuted to the end. He doubted not that our soldier boys will return with victory and honor upon their banners, but he contended for preservation of Germany, and its splendid science as well as of England and its democracy and France and all its loveliness. If Kings must go, so much English

aristocracy. He pleaded for the migrant to his own newspaper in his own foreign tongue, for there is some chance for him before mastering the English to keep in touch with the world. There is no danger in this, he said, for but a generation or two passes when lo and behold we find them all speaking English. The children of the German immigrants speak bad English, but worse German, he said. They are rapidly taking up the English tongue and America is the one great nation having one spoken and written language. But a small part, saving here of the rights of the im- even of Germany is Germanic. It is Slav and Latin and Celt and Teutonic. "The United States is the most unified political unit in existence," he said and he traced entertainingly the origins of the peoples of the world. "Our states are all about alike. We can recognize them only by the ease or difficulty with which you can get a drink or a divorce."

One of the most moving incidents the humorously related was that told by Dr. Steiner of a little supper Col. Roosevelt gave, in honor of Dr. Steiner's brother, who the latter a few years ago insisted upon having come over from America to return frequent visits by the speaker. At the table at which eleven gentlemen sat only two had unmixed ancestry. Col. Roosevelt has at least four strains of Dutch and German and other things. Dr. Lyman Abbott modestly admitted that while his ancestors came over in the Mayflower his four sons all married girls of foreign strains and he told how fond he was of his Jewish grandchildren. Steiner himself became converted to the Christian faith in Indiana. He now lives at Grinnell, Iowa.

An enthusiastic audience heard Bishop Hughes yesterday afternoon lecture on "The Biography of a Boy," and when he concluded everyone knew that he still retained memories of the days when he was a boy. Rush county people will be glad to have Bishop Hughes back again some day.

PURDUE WILL OPEN LATER

Because of Students on Farms Opening Is Advanced

Lafayette, August 9.—To permit students who are employed on farms to assist in September farm work, opening of Purdue university will be delayed next fall until Sept. 26. Originally, the opening date was set for Sept. 12.

President W. E. Stone, made the announcement of the delayed opening, and at the same time declared

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezeone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

WAYS TO PROTECT DRIED FRUIT AND VEGETABLES

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Aug. 9.—In this article Uncle Sam goes into detail on ways you can protect dried fruits and vegetables and tells you what dangers to look out for.

There are two kinds of moths that will attack them. They are more likely to get into fruit while they are drying than after they are packed away. This is particularly true of drying in the sun.

One is the Indian meal moth. It is the most destructive of the two. It is about 3/8 of an inch long and has a cloaked appearance, one-third gray and the rest copper brown.

The fig moth is about the same size but all dark neutral gray.

Along with these usually comes a minute, flattened chocolate brown beetle. It does considerable damage.

Their eggs hatch on the fruit in the form of whitish or pinkish grub-

like caterpillars. If these are stored away with the fruit they will propagate and produce thousands of their kind in the storage bins.

Hence, pack your stuff in small boxes to prevent moths spreading if there are any in a particular part of the product. Store in a cool, dry place.

In sun drying, if the drying racks are screened early in the evening and at night, the cheesecloth or fly screen battened down and the dried fruits and vegetables stored in tight paper sacks in a cool place, no danger need ordinarily be feared from these insects.

As an added precaution, the dried product may be heated, before being packed, to 140 f. long enough to allow the heat to penetrate throughout it. This will kill the eggs of the insects. If you do this, store it promptly, to prevent infestation.

ARE MOBILIZED

Eight Hundred Thousand Are "Regulars" Serving in Food and Agricultural Clubs.

STATISTICS ARE GATHERED

In Indiana Alone There Are Seventy-five Clubs With a Membership of 1,075.

Washington, Aug. 4.—One million workers in agriculture and home economics have been mobilized and are already in active service. Eight hundred thousand of them are Regulars, serving in food and agricultural clubs and organizations in 28 states. Two hundred thousand of them are enlisted in the emergency food production and conservation work of the U. S. Department of Agriculture.

Of special interest during the present campaign for the preservation of perishable fruits and vegetables are the activities of a "Division" of over 40,000 organized into 2,000 canning clubs scattered throughout these 28 states. The majority of them are boys and girls under 19 years of age, who in uniforms, consisting of a service cap and apron bearing the national "4-H" club emblem, are canning, pickling, preserving and drying surplus home garden products and cheap garden market supplies. The "4-H" emblem signifies the "Consecration of head, heart, hand and health to win the world war for world peace."

These special canning clubs are of 3 different types: Canning, Garden and Canning, and "Mother-Daughter" (Canning).

The "Canning" clubs are often organized among those who have no home gardens and who buy all of their produce. This service indicates the manner in which interest in home making and home economics is spreading among the city boys and girls.

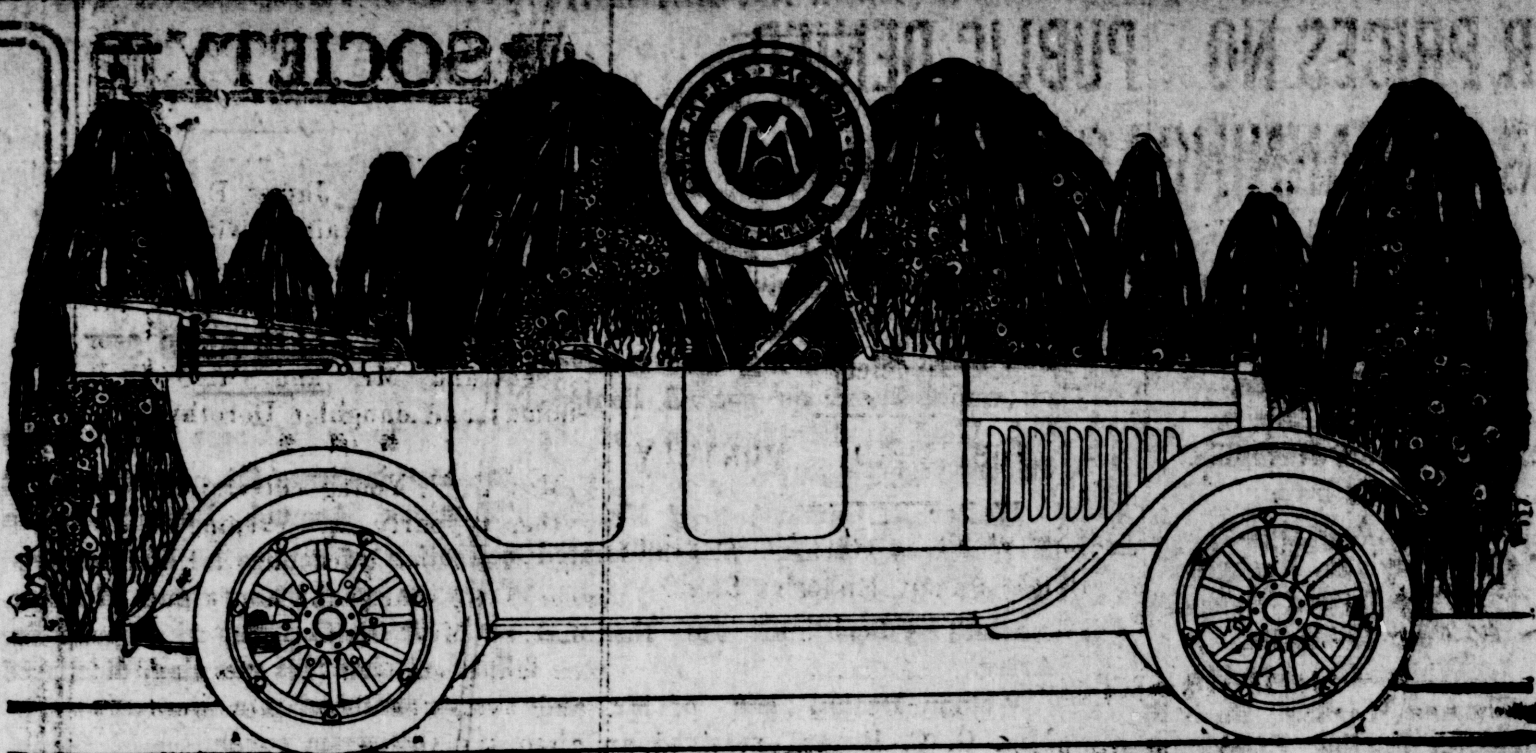

In Pawtucket, Rhode Island, for instance, several such clubs were organized under the inspiration of a state leader, who made a demonstration of canning before mothers, boys and girls. The clubs were organized, as a result of this demonstration, under such titles as "The Preparedness Club," "The Economy Club," "The Ever-Ready Club," "The Happy Helpers Club," and "Uncle Sam's Club." In the state as a whole there is a total membership of 300.

The "Garden and Canning" club has been typically carried out in the state of Wyoming. A little high school girl of Powell, Wyoming, won the state championship last season on a plot of ground 132 feet long by 33 feet wide. In her individual report she tells of having superintended the fertilizing, plowing, leveling, harrowing and corrugating for the planting, and of having produced an abundance of vegetables for home use and for canning. In the state as a whole there are 38 clubs with a membership of 404.

The "Mother-Daughter" type of clubs is an organization where the mother and daughter are "teamed" and as a team become a member of the canning club. The first club of this sort was organized at Glenwood, Leavenworth county, Kansas. In the club's 1916 report the total product was 9,838 quarts of fruits and vegetables. Some of the teams in the club canned over 200 varieties. There are throughout the state 154 clubs with a total membership of 6,245.

In Arizona there are 37 clubs with a membership of 493. The state champion club at Thatcher last year canned 903 quarts of vegetables and fruits. Every girl exhibited either at the county or at the state fair and several at both. The club won the large silver trophy donated by the Arizona Bankers' Association. A member of the club in her individual report states: "I had a friend whose mother died, leaving her to take care of and be a mother to a large family. She was a very inexperienced girl. I helped her and taught her to can fruits and vegetables." Another member reports: "I had no garden. The orchard is too young to bear fruit, so all of the fruits and vegetables had to be bought. It was great fun to go after them. The more fruit I can, the more I want to can."

In New York State there is a total of 53 clubs with a membership of 1,489. A little 13-year-old girl in Hyde Park, New York, whose father

YOU CAN GET ANY ONE OF THE TEN NEW AUTUMN CHALMERS NOW; AND THE PRICES MAY NOT LOWER IN TWO OR THREE YEARS

Chalmers this year is setting ahead the Autumn buying season at least sixty days by offering for immediate purchase ten of the most eye-pleasing cars that ever bore the Chalmers name.

They are Autumn Chalmers, and they compel attention at any man's front door.

Such a wide range of selection, too. There's a five passenger car that reaches finality in good sense; a Sedan that will cause wonder at its supreme light weight; a Cabriolet which the word "comfortable" ably describes; a stunning Roadster that any clever woman driver will like to get her hands on; a Speedster that tingles the blood of any regular fellow who wants the 80 mile an hour thrill; a sedate Limousine that spells coziness plus; a Town Car that will make ten women out of ten wish for Santa Claus right away; a Limousine Landaulet that for practicability is simply there!

No need to go on. You can't expect to discuss motor cars intelligently unless you see these. For they have a lure about them that is going to cause wide comment.

the infantry section of the officers reserve corps.

Scott E. Buell, son of Mr. and Mrs. D. C. Buell, was appointed second lieutenant, Field Artillery section of the officers reserve corps.

Posey B. Denning, son of Mr. and Mrs. Ab Denning, also received an appointment as second lieutenant, Field Artillery section of the officers reserve corps.

Walter R. Gartin son of Mr. and Mrs. James Gartin, was appointed second lieutenant in the Quartermasters Corps of the National Army.

Weldon Brann, son of Mr. and Mrs. O. C. Brann, received an appointment as second lieutenant in the infantry section of the Regular Army.

Glenn I. Tucker of Greencastle, who is very well known in Rushville and visits here frequently, was appointed second lieutenant in the Infantry section of the officers reserve

TAKES TEACHERS ON
A TRIP TO BOSTON

Dr. F. H. Green This Morning Tells
of Visit to Mt. Auburn Cemetery
and With Poets.

DR. C. C. ELLIS ALSO SPEAKS

Dr. Francis H. Green talked to the teachers institute this morning about "Rambles Around Boston" and a collection of replies he had received from the great literary men of America. Dr. C. C. Ellis, who spoke for the first time this morning, discussed the outlining of a course of study.

The program committee of the institute met immediately after the adjournment today. It is composed of Miss Belle Gregg of this city, Mrs. Edna Taylor of New Salem, Supt. Eugene Butler of Carthage, A. M. Taylor of the Homer school and Miss Emma Terhune of Milroy.

The resolutions committee has been appointed and is composed of the following: Miss Belle Gregg, W. E. Wagoner of Milroy and Eugene Butler of Carthage. Ninety-three teachers were enrolled today.

Dr. Green took the teachers on a delightful visionary trip around Boston, showing them the graves of famous personages in Mt. Auburn cemetery and taking them on a visit which he made with Whittier and Lowell when a young man. His first lecture was regarding answers he received from over 360 famous literary men in reply to a letter he sent them. The answers have been put in book form by Dr. Green and are being sold by him.

corps.

Carey Carson of Indianapolis, formerly of this city, was commissioned Infantry captain in the officers reserve corps.

Wendell L. Willkie of Elwood, also well known here among the young people, was appointed first lieutenant in the Infantry section of the officers reserve corps.

George W. Bliss of Indianapolis, nephew of Will M. Bliss and very well known in Rushville, was appointed captain in the Infantry section of the officers reserve corps.

Walter S. Buckingham of Morris-town received a second lieutenantcy in the infantry section of the reserve corps.

Donald A. Stackhouse of Indianapolis, who at one time lived in Rushville and is related here, was appointed first lieutenant in the Infantry section of the officers reserve corps.

Glenn M. Newby of this county received a commission as second lieutenant in the cavalry section of the officers reserve corps.

Byron Cowing, son of Mr. and Mrs. J. L. Cowing, was discharged. It is also supposed that James Shanahan, son of James Shanahan, was discharged. His name does not appear in the list of appointments. Loren Martin, son of Mr. and Mrs. R. E. Martin, was discharged a few weeks ago on account of physical unfitness.

—Paul Morgan of Milroy visited friends here last evening.

E. R. CASADY

DR. H. S. HITCH NAMED
NEW SUPERINTENDENT

Michigan Man Appointed Superintendent of New Marion County
Tuberculosis Sanatorium.

MRS. HUDNALL HEADS NURSES

Indianapolis, Aug. 9.—The board of directors of the recently constructed Marion County Tuberculosis Sanatorium today announced the appointment of Dr. Harold S. Hatch as superintendent of that institution and Mrs. Carrie Hudnall as superintendent of nurses.

Dr. Hatch comes to Indiana from Michigan, where he has been connected with the Michigan State Board of Health in tuberculosis survey work. He is well equipped for his new duties having been connected with Seaview hospital in New York, which is probably the largest institution for the treatment of tuberculosis in the United States, with the Nopeming sanatorium at Duluth and with Muirdale sanatorium, the county sanatorium of Milwaukee county, Wisconsin.

Mrs. Hudnall, the superintendent of nurses also has had wide experience in dealing with tuberculosis, having specialized on that subject during training and coming directly from the position of superintendent of nurses at Healthwin, the tuberculosis sanatorium of St. Joseph county, Indiana. She is a graduate of Randolph-Macon College at Lynchburg, Virginia, and of the University of Maryland, Baltimore, Maryland, and has had some experience in Eudowood sanatorium in Maryland.

The opening of Sunnyside, the new Marion county sanatorium, will mark the consummation of many years' planning by social and charity workers of Indianapolis and Marion county, as the need for such an institution has been long felt.

Mrs. Fred Coghlan is ill at her home in West Fourth street.

LATTER 2 2ND LIEUTENANTS

Weldon Brann is Second Lieutenant
in Regular Infantry and Francis
Coyne in Reserve

The appointments of candidates
at the officers reserve training camp
at Fort Benjamin Harrison were
announced today in Washington. All
of the Rush county men at the camp
received appointments with the ex-
ception of two.

Adjutant General McCain today
instructed General Glenn, command-
er of the camp, to inform all con-
cerned of the appointments they
had received.

Most of the Rush county boys
were appointed to the Officers Re-
serve Corps, subject to call at any
time, one of them landing a cap-
taincy in the reserve. One of them
was appointed second lieutenant in
the regular army and another sec-
ond lieutenant in the quartermasters
corps, National army. The appoint-
ments all date from August 15,
1917. The camp opened three
months ago.

Perry E. Oneal, son of Mr. and
Mrs. Lien Oneal, was appointed cap-
tain in the Infantry section of the
officers reserve corps.

Charles O. Warfel, formerly sup-
erintendent of the Indianapolis and
Cincinnati Traction company and at
one time a resident here, received a
similar appointment.

Harry Petry, son of Mrs. R. A.
Petry, has been appointed second
lieutenant of Company B, Fourth
Infantry, Indiana National Guard,
now stationed here. This appoint-
ment was announced at Washington
last Saturday and Lieut. Petry is
expected to report here at any time.

Francis I. Coyne, son of Mr. and
Mrs. M. M. Coyne, received an ap-
pointment as second lieutenant in

Continued on Page 2.

BOYS IN KHAKI TO BE GUESTS AT ASSEMBLY

Company B and Sanitary Detach-
ment Will Sit in Reserve Sec-
tion Sunday Afternoon

ARE ADMITTED FREE ANY TIME

The Rush County Chautauqua
has been thrown open to both mem-
bers of Company B and the Sanitary
detachment. Men in both branches
of the service are admitted free at
the gate and the chautauqua man-
agement expressed the desire today
that the men take advantage of the
offer.

The observance of War Sunday at
the chautauqua may be made more
realistic as both Company B and the
Sanitary detachment have been in-
vited to march in a body to the
coliseum Sunday afternoon and hear
Senator Watson and Private Peat
of the Canadian army who has seen
service at the front. Capt. Kip-
linger notified the committee that he
believed his boys would accept the
invitation and Major Carey said it
was agreeable to him. Taking these
messages as assurances the chau-
tauqua association will reserve
seats for both units Sunday after-
noon.

MEN WELL KNOWN IN STATE APPOINTED

L. R. Gignilliant, Commander of
Culver, Awarded Lieutenant
Colonel's Commission

FORMER GUARD MEN NAMED

R. N. Fairbanks, Son of Ex-Vice-
President Captain and A. R.
Robinson 1st Lieutenant

(By United Press.)

Fort Benjamin Harrison, Aug. 9.
—The lists of the commissions for
Indiana and Kentucky student officers
at Fort Benjamin Harrison were made
public from Washington today. The
Ohio and West Virginia list will be
published tomorrow.

General Glenn, commander at the
fort, announced that Adjutant Gen-
eral McCain had issued instruction
that the commissions be dated from
Aug. 15.

Indiana fared well in the distri-
bution of the commissions to the
cadet officers. Names widely known
in the state are on the role of honor
in conspicuous places.

L. R. Gignilliant, famous as the
commander at Culver military acad-
emy is awarded a lieutenant colonel's
commission in the new army; Lester
Nafziger of Indianapolis formerly a
colonel in the Indiana National
guard, win a major's commission in
the infantry section.

Another winner is Richard N.
Fairbanks, son of ex-vice-president
Fairbanks who was given a cap-
taincy. State Senator Arthur R.
Robinson, republican leader in two
sessions of the legislature, is given
a commission as first lieutenant in
the new national army.

REQUIREMENTS NOT TO BE SO STRICT

Provost Marshal Rules Men With
Defective Teeth Be Given Time
to Have Work Done

LESS STRINGENT RULES MADE

(By United Press.)

Washington, Aug. 9.—Further
steps were taken by the government
to increase the number of men
available for service in the new
national army, a ruling of the pro-
vost marshal greatly modifying the
physical requirements being made
today.

Men with defective teeth who
have heretofore been turned down
will have an opportunity to get into
the service. General Crowder's order
in part followed:

"Men with defective teeth should
either be accepted or allowed time
to have the necessary work done
and enrolled later."

Reductions of weight from five to
twelve pounds, according to height
and in chest measurements of one
half-inch in case of men taller than
5 feet, eight inches were also al-
lowed.

Requirements in ear and eye tests
were modified so as to exclude few-
er men with defective hearing and
sight.

Word was received here today
that Miss Helen Scott underwent an
operation for appendicitis at the
Methodist hospital in Indianapolis
this morning, and is doing nicely.

Dr. Arnold Mull went to Muncie
today to vaccinate the entire herd
of show hogs belonging to George
Reeve, consisting of 69 brood sows
and four male hogs.

MUSTERING IN OF CO. B COMPLETED

Men Are Elated Over Showing Made
to Lieut. Collins, Who Left To-
day for Newcastle.

HE PRAISES THEM HIGHLY

Examining Officer Here Today to
Complete Step to Make Co. B
Part of U. S. Army.

Co. B To Have Pic Tomorrow
Pie is an unheard of thing
on the menu at Camp Edward
H. Wolfe, but tomorrow the
boys are going to have their
fill of it. Senator James E.
Watson's class of women of
the Methodist Sunday school
will bake enough pies to go
around for tomorrow's dinner
and the boys are already lick-
ing their jaws in anticipation
of the treat.

Camp Edward H. Wolfe, Aug. 9.—
Cold, rainy weather failed to damp-
er the ardor of the men of Company
B today and they proceeded with the
training schedule as on former days.
The men were elated over the show-
ing made to the mustering officer, Lt.
Collins. The muster was completed
this morning and Lt. Collins left im-
mediately for Newcastle where he is
to muster in the company at that
place.

The examining officer Lt. Wells
was here today and this will com-
plete the final step of making the
company a part of the U. S. army.
Capt. Kiplinger and the other officers
feel confident as to the outcome with
the examining officer. One or two
men may be discharged but the com-
pany has sufficient men for a full
company regardless of the outcome.

Lt. Collins was loud in his praise
for the local company. He stated
that the membership was the largest
of any he had yet seen and declared
that the records of the company
were in fine condition.

After mustering the company a
recommendation to the quartermas-
ter for supplies and equipment was
made and as this company is to pre-
cede the regiment to Hattiesburg the
supplies are expected to reach here
soon. Other companies of the
Fourth regiment are in need of sup-
plies just as badly as Company B,
but because this company has been
certified as being ready to go south
the supplies are expected to be given
out here first.

The men in camp are making great
preparations for receiving Senator
James E. Watson Friday afternoon.
Senator Watson will talk to the men
at 4:50 o'clock and the public is in-
vited. The sanitary corps, in train-
ing in Rushville, will come to Camp
Wolfe to pay respects to Company
B and participate in the exercises.

Yesterday was the first public vis-
iting day at the camp and many
friends of the boys took advantage
of the opportunity to call at the
camp. Capt. Kiplinger invited Adju-
tant General Smith to come down to-
morrow and participate in the ex-
ercises but General Smith had to de-
cline because he will participate in
the exercises tomorrow afternoon at
Fort Harrison.

A little warmer weather would be
appreciated by the men. While the
nights are fine to sleep, the weather
is a little too cool for the amount of
bed clothing the men have and last
night many of the men complained
of being cold. The cool weather in
the day time, however, is ideal for
drilling and training.

More vegetables were received in
donations this morning. The com-
pany appreciates the vegetables.
This morning some tomatoes, pota-
toes and green beans were picked up
at the sheriff's office showing that
the public is responding to the call.

SUFFRAGE LEADER LECTURES TODAY

Mrs. Grace Wilbur Trout, President
of Illinois Equal Suffrage As-
sociation, Speaks at Assembly

SEXTETTE PLEASES CROWDS

Dr. E. A. Steiner Displays Talent
as Linguist and Ability to
Think in World Terms

Tonight
7:30 p. m. Moving pictures of
Sir Douglas Mawson's \$300,000
expedition to the Antarctic
region.
9 p. m. Postlude—The Bos-
ton Symphony Sextette.
Friday, August 10th
2 p. m. Lecture—Dr. Arthur
W. Evans, nephew of David
Lloyd-George, British Premier.
3 p. m. Lecture—Dr. Beavers.
4 p. m. Concert—The Hruby
Bohemian Orchestra.

7:30 p. m. Concert—The
Hruby Bohemian Orchestra.
Saturday, August 11th
2:00 p. m. Lecture.
3:00 p. m. Lecture.
4:00 p. m. Postlude—The
Chicago Operatic Company.
Sunday, August 12th
2 p. m. Lecture—Senator
James E. Watson.
3:00 p. m. Lecture—Private
and Mrs. H. R. Peat.
4:00 p. m. Postlude—The
Chicago Operatic Company.
7:30 p. m. Grand Concert—
The Chicago Operatic Com-
pany.

Following two splendid lectures
yesterday and postludes by two
different musical organizations,
chautauqua audiences today had in
prospect many good things before
the assembly comes to a close Sun-
day night.

Interest centered about the lec-
ture this afternoon at two o'clock
by Mrs. Grace Wilbur Trout, presi-
dent of the Illinois Equal Suffrage
association. She is a noted suf-
fragist who has been a leader of
Illinois women seeking the ballot
for several years. Mrs. Trout out-
lined the difficulties which the wom-
en of her state overcome in obtain-
ing part suffrage.

The Boston Symphony Sextette,
which made its first appearance at
nine o'clock last night and was
given a very cordial reception, was
on the program for a concert and a
postlude today. They played at
four this afternoon and will play
again tonight at nine o'clock fol-
lowing the showing of moving pic-
tures of Sir Douglas Mawson's
\$300,000 expedition to the Antarctic
region.

The popularity of the Schuman
Quintet here a few years ago made
certain that the Boston Symphony
Sextette would be well received be-
cause the two organizations are
very similar. The Sextette made a
fine impression on the audience last
night and gave promise of two ex-
cellent programs today.

The Hruby Bohemian Orchestra,
which will be here for two perform-
ances tomorrow, is sure to attract a
large crowd because the organiza-
tion has been here before and plays
music that has a wide popular ap-
peal. The whole program tomorrow
night will be devoted to a concert
by the orchestra. The postlude
will be at four o'clock in the after-
noon.

Great things are expected of the
lecture tomorrow afternoon at two
o'clock by Dr. Arthur W. Evans,
nephew of David Lloyd-George,
British premier. He is well informed
on world affairs and has first hand
knowledge of the war. Dr. Evans
has been lecturing at chautauqs
in this part of the state and has
been greeted by large crowds every-
where.

Following the completion of the
third day of examining men for the
new national army, the local selec-
tion board found that it had the
names of fifteen men who have
passed the physical tests and have
not filed claims for exemption. In
this list, however, are several men
who will file claims for exemption
before the district board, so that the
exact number of men obtained for
the new army following the three
days examinations is very uncertain.

The board completed its third
day's examination late yesterday af-
ternoon. The original list for the
first three days contained 132 names
twice the number of Rush county's
quota of 66. But because many of
these men are already in some
branch of service they were not ex-
amined and a total of 114 men were
before the board.

The result of the three days' work
showed the following results: Fif-
teen accepted, who filed no claims for
exemption; fifty-one accepted, who
filed claims for exemption; forty-five
discharged because of physical de-
fects; two held for re-examination
pending advice from the war de-
partment regarding certain require-
ments, on which the board was not
quite clear and one examination
postponed until Sept. 20.

Twenty-two men were accepted
yesterday and seventeen discharged.
Of the twenty-two accepted all but
five filed claims for exemption. The
complete list shows that the board
found sixty-six men out of the total
of 114 who were physical fit. This
is considered a fine record and
shows that considerably over half
of the men examined are found phy-
sically sound for the army.

Continued on Page 2.

Sixty-six of 114 Found Physically
Fit But 51 of Them Seek to
be Discharged.

FORTY-FIVE ARE REJECTED

Original Call For 132 Men But Many
Are Not Examined Because
They Are in Service.

The board completed its third
day's examination late yesterday af-
ternoon. The original list for the
first three days contained 132 names
twice the number of Rush county's
quota of 66. But because many of
these men are already in some
branch of service they were not ex-
amined and a total of 114 men were
before the board.

The result of the three days' work
showed the following results: Fif-
teen accepted, who filed no claims for
exemption; fifty-one accepted, who
filed claims for exemption; forty-five
discharged because of physical de-
fects; two held for re-examination

ARE VACCINATED FOR SMALLPOX TODAY

Men of Sanitary Detachment Are
Expected to Develop Some Sore
Arms Within 3 Days

TWO MORE 'SHOTS IN THE ARM'

Members of the sanitary detach-
ment of the Fourth Infantry, In-
diana National Guard, were vaccin-
ated for smallpox today. If the
vaccination "takes," there will be a
lot of sore arms in the sanitary de-
tachment in three days. They will
not more than be over that until
they get another "shot in the arm."
The other two vaccinations will be
for typhoid fever and paratyphoid.
Neither of these is expected to de-
velop any soreness.

Additional equipment for the san-
itary detachment arrived today
from the state fair grounds at In-
dianapolis. It had been shipped
there in anticipation of the detach-
ment being called there, but Major
Carey urged that the detachment be
left here for training until called to
a permanent camp.

KAISER CALLS AN IMPORTANT MEETING

Chancellor Michaelis Leaves Berlin
For Emperor's Headquarters,
Reports Say

CROWN PRINCE TO BE PRESENT

(By United Press.)
Amsterdam, Aug. 9.—One of the most important conferences has been called by the kaiser at his headquarters.

Chancellor Michaelis has left Berlin for the headquarters in response to a summons from the kaiser, according to reports here.

In the conference with the kaiser will be the crown prince, field marshal von Hindenburg, chief of staff, Quartermaster General Ludendorff, Hindenburg's right hand man, Chancellor Michaelis, Dr. Kuhlman, the new foreign secretary and the minister of interior Helfferich.

In view of the recent change in the cabinet it is not only the military policy of the empire to be discussed.

U-BOAT COMMANDER DROWNS CREW OF SHIP

Hitches Life Boats to Submarine
And Then Submerges, Killing
All But Two Men

THE ATROCITY IS CONFIRMED

(By United Press.)
Washington, Aug. 9.—Official confirmation of barbarism by a U-boat commander was received by the state department today in a report of the sinking of the British steamer Belgium Prince.

The state department said: "A consular telegram to the state department says that the British steamer Belgium Prince was sunk without warning 200 miles at sea on the evening of July 31. The crew of 44 entered the life boats. The submarine emerged and took the captain prisoner. The crew was then compelled to turn over the life belts, searched for weapons and finally the submarine commander took the cars. The boats were tied to the submarine which proceeded fourteen miles and then submerged, drowning the crew except the chief engineer and one negro."

CAN FIX PRICES, OPINION

Ohio Legislature Has This Right
Attorney General Rules

(By United Press.)
Columbus, Ohio, Aug. 9.—The Ohio legislature has the power to fix coal and food prices. Attorney General McGee so ruled today.

The ruling covers both Ohio mined coal and coal shipped in from other states. On the heels of the McGee ruling came word from sources close to Governor Cox that a special session of the legislature is a strong possibility.

ARTILLERY DUELS

(By United Press.)
Paris, Aug. 9.—Artillery duels again raged in the Aisne sector of the French front during the night. The war office today reported active artillery exchanges in the region of Ptaon and Chezevigny.

TO TAKE CHARGE OF FUEL SITUATION

Armed With Authority The Federal
Trade Commission Hopes to
Solve Industrial Trouble

AMENDMENT EMPOWERS BODY

Food Bill Says President May Fix
Prices and If He Sees Fit Take
Over the Business.

Washington, Aug. 9.—Armed with authority to fix prices from the mine to consumer, the federal trade commission today is preparing to take charge of the fuel situation, hoping to solve much of the industrial troubles of the country.

Under the Pomerene amendment to the food bill, the president may fix prices and if he sees fit take over the business.

The amendment establishes absolute control of what experts believe is the biggest factor in war preparations.

Federal trade officers, expecting the president to turn over the coal controversy to them immediately, are speeding their investigation to fix cost prices from the mine to consumer.

A report of the commission to be published shortly is expected to put the blame for the coal shortage—declared to be artificial—jointly on the coal producers and the railroads. Huge exports of coal, it is charged, are being made to Canada in order to create a shortage that will result in higher prices here.

The food bill passed through the last stage of legislative enactment late yesterday afternoon when it was finally adopted by the senate in the form previously approved by the house. President Wilson's signature is all that is needed to make it a law. The vote was 66 to 7.

Those voting against the conference report were: Democrats, Hardwick, Hollis and Reed; Republicans, France, Gronna, LaFollette and Penrose.

Immediately after the final vote on the control bill the Senate by a viva voce vote also approved the conference report on the first administration food bill, providing for a food survey and appropriating to stimulate production.

SLACKERS POSE AS WAR VETERANS

Those in England Buy Old Uniforms
in Attempt to Evade Military
Service

POSE AS FIGHTERS ON LEAVE

(By United Press.)
London, July 20 (By Mail)—The Provost Marshal has discovered a new way of circumventing army slackers. He won't let the London hock-shops sell military or naval uniforms any more because slackers were buying them and posing as fighters on extended leave.

The slacker knows no modesty. If he can't get the uniform of a brigadier—well, a field-marshal's tunic will do, with lots of medals.

Captain H. T. Hewett, handling the prosecutions for the illegal sale of uniforms, obtained three convictions in one day, an indication of the wide spread of this type of evasion. One dealer was fined \$275 for selling a civilian the uniform of a general-staff colonel with two Ashanti medals.

Magistrates threaten to impose the maximum fine of \$500 in future cases.

WILL KNIT WASHCLOTHES

Children Will Form Class to Work
For The Red Cross

Mrs. J. B. Reed, 606 North Jackson street, has been appointed to conduct children's classes in knitting washcloths for the Red Cross. She urges that children who care to join see her at her home at once. It is desired that they call as soon as possible and the class will likely be formed next week.

IS RELEASED FROM JAIL

Henry Smith is With Co. B, George Phillips Dismissing Charge.

Henry (Jaybird) Smith, held on a seduction charge since last week was released last night and is now in camp with Company B. Prosecutor Stevens dismissed the case against Smith after receiving a letter from George Phillips in which he expressed a desire to drop the charge providing Smith was still of a mind to go to war. It was predicted yesterday that this action would be taken. Smith was taken from the jail yesterday afternoon that he might be mustered in with the rest of the company and later in the evening was given his freedom.

MORE THAN SCORE ARRESTS

Men Are Being Held in Texas For
Resisting Draft

(By United Press.)
Emory, Tex., Aug. 9.—More than a score of men from various towns and farms in this section have been arrested during the past twenty-four hours in connection with a general movement to resist the army draft. Eighteen were brought in last night by Texas rangers and a federal officer brought in six more this morning.

FRENCH MAKE GAINS

(By United Press.)
London, Aug. 9.—New gains by the French forces in the northwest of Bixchoote on the Belgium front, were reported in the official statement forwarded by Field Marshall Haig today.

Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for \$1.75 a hundred, or 1 3/4 cents a cc. for non-stockholders. That is, put in the hog, and \$1.35 per c. c. for stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

Personal Points

—Mrs. George Murphy visited in Indianapolis today.

—Mrs. Charles Caldwell is taking a two week's outing at Winona Lake.

—Miss Fanny Junkin of Knights-town visited here today enroute to Brookville.

—George Campbell has returned from a several week's visit in Kansas.

—Miss May Miller went to Morristown this morning for a visit with friends.

—Miss Christina Glaska of Indianapolis is visiting relatives here for a few days.

—Mrs. Emma Havens and Mrs. O. M. Dale are spending the week-end in Indianapolis.

—U. S. Maffett and Earl Priest returned to Muncie today and attended the county fair.

—Arthur Irvin has returned from an extended visit in Denver and other points in Colorado.

—Mr. and Mrs. Paul Peter Willis and son John of Toledo, O., are visiting relatives in this city.

—Miss Mary Shook has returned from Indianapolis, where she attended the millinery openings.

—Mrs. Ernest Glissner of Denver, Colo., is here for an extended visit with her mother, Mrs. Annie Moses.

—Mr. and Mrs. G. E. Nipp of Cheyler, Neb., and Mr. and Mrs. John Nipp, of this city, have returned here after a week at Crooked Lake.

—Mrs. W. B. Ewing of New York City, N. Y. is visiting her aunt, Mrs. Albert Denning.

—Russel Carfield, Roy Linseott and William Moore of Carthage visited friends in this city last evening.

—Mrs. M. M. Williams returned to her home in Indianapolis this morning after visiting Mrs. David Stout.

—Miss Gertrude Green of Indianapolis is visiting Mr. and Mrs. Derby Green and family for a few days.

—Miss Henrietta Baheit of Indianapolis came today for a three week's visit with Miss Marcella Coyne.

—Mrs. Horace Glidden has returned to her home in Raleigh after visiting her sister, Mrs. Victoria Carter.

—Herman Tompkins, Dr. F. G. Hackleman, Vern Norris and Sylvia Hodge motored to Muncie today and attended the fair.

—Miss Hazel Smalley and Mrs. Iva Smalley left today for Indianapolis, where they will spend two weeks at the wholesale house.

—Miss Marguerite Wolcott left for Kokomo today, where she will be the guest of Mrs. Clarence Butler and attend a house party over the week-end.

—Mrs. George Nichols and two sons of Dayton, O., are visiting her parents, Mr. and Mrs. J. M. Amos and family.

—Will Leach visited in Indianapolis today on business.

—J. E. Harrison of Milroy visited here on business today.

—John Humes of Richmond made a business trip here today.

—Miss Elizabeth Wynzleaux of Carthage visited friends here today.

—E. C. Killinger of Richmond spent the day here on business.

—Elmer Ryan of Andersonville attended to business here today.

—E. L. Floyd of Indianapolis transacted business here today.

—Miss Nellie Trobaugh of Dunreith visited friends here today.

—Miss Minnie Vaught of Indianapolis is visiting Mr. and Mrs. A. L. Aldridge.

—Mr. and Mrs. Eli Martin of Raleigh visited relatives in this city today.

—Mr. and Mrs. Jesse Plageman of Cincinnati visited friends here today.

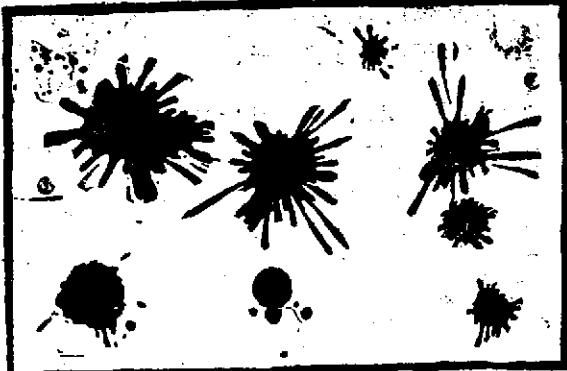

—J. A. Williamson of Indianapolis was among the business visitors here today.

—Dr. J. B. Kinsinger will return this evening from Columbus, O., where he attended the convention of the American Osteopathic association.

—Mr. and Mrs. John Burnside and son Hunter left last evening for their home in San Angelo, Tex. after a week's visit with Mr. and Mrs. Gunn Haydon and family.

—Mrs. John Kinsley and daughter Mary returned from a visit in Lima, O., last evening. They were accompanied home by Mrs. Sarah Stakleton and her sister, Mrs. John O'Sullivan.

This is Not a Puzzle; Neither Are These Sunspots

Only the Results of Your Chautauqua Visits

Of course, they look bad, but you needn't worry. A few trips to the Chautauqua and your garments will become mused, soiled or spotted. In a case of this kind we are here to help you; our cleaning department is prepared to take out the dirt, grease, the mussy, shabby appearance and give your garment new life.

ONLY FIFTY-FIVE MEN OF 1ST GROUP CLAIM NO EXEMPTION

Continued from Page 1.

practice, pointing out to the men that to save time and keep the records straight the best time to file the claims is on the day they take their examination. In this way just as soon as the men complete the examination they can sign the exemption claim. The board points out that the men should first be examined, because if they fail to pass the examination there is no need of filing the claims.

The local board's loose leaf docket arrived this morning and the members spent most of the day getting the records of the men thus far examined in shape. Each man is assigned a page and the entire record of the proceedings in his case is kept on this page.

NEW INVENTION LOCATES GUNS

Ingenious American Gets Credit For Instrument Which Upsets Theory of Artillery Battles

NOW USED ON FRENCH FRONT

At a Distance of Eight Miles The Position of Enemy Gun Can be Determined

In Vacation Land

Every year many thousands more people are carrying "A. B. A." Cheques as "vacation money" because these Cheques relieve the traveler from worry about the care of funds.

Hotels, steamship and railroad companies, merchants and business houses everywhere accept these Cheques readily in payment of bills or purchases, and 50,000 banks cash them without charge.

The only identification needed is the countersignature of the owner on each Cheque in the presence of the person accepting it.

"A. B. A." Cheques are safe, because they can be used only by the original purchaser and if lost or stolen may be replaced.

APPEAL MADE FOR CLEAN SCHOOLS

Dr. Hurty and State Supt. Ellis Write Trustees to Make Repairs At This Time

WOULD IMPROVE CONDITIONS

(By United Press.)

Indianapolis, Ind. Aug. 9.—Appeals are being made to township trustees to make every effort to provide clean, comfortable school houses for children by State Superintendent of Instruction, Horace Ellis and Dr. J. N. Hurty, state health commissioner.

The letters being sent out state in part:

"Without health the child will fail. In no small degree the future of our country is in your hands. Surely you will rise to this duty.

"Soon your schools will open. Practice no false economies in connection with schools. Don't hesitate to purchase with honesty and care all necessities. Don't wait until a few days before the school opening date to make repairs. Banish dilapidation and dirt. A dilapidated dirty school house is a menace to health, efficiency and life. Secure a good water supply. Children need plenty of pure water in order to grow properly and to keep in good health. To deny children an abundance of pure water is an assault upon them. Don't assault children. Out-houses must be in good repair—clean, screened and—with good walks leading to them. This is a legal, moral and physical necessity.

Washington, August 9.—An ingenious American must again be given credit for another revolutionary invention, this time one which is calculated to upset the whole theory of artillery battles.

The new invention, the name of which must be kept secret for military reasons, is based upon an invention perfected by the United States Bureau of Standards, the decimeter, an instrument which is used to tell the location of any noise producing body by the decrement of the air waves produced.

By means of the new invention, which is now in actual use on the French front, it is possible to tell the exact location of a German cannon, even when it cannot be seen or heard. It is possible to judge, even at the distance of eight miles, so accurately the position of an enemy gun that a shell can be placed within fifty feet of the cannon aimed at.

The instrument now in use is set up at a certain point on the French line, and the actual distance to the enemy cannon is judged by the decreasing air waves. From another instrument at another point in the French line a similar reading is given so that with the two instruments and the German cannon a triangle is formed. By determining the exact distance from the two instruments to the German cannon, its position can be found. A shell is fired from a French cannon and the position at which it strikes can again be determined by use of the new American instrument. If the aim is inaccurate, it can be corrected until the German cannon is destroyed.

This instrument is so revolutionary in its practical application that when it is placed into use along the entire Western front, officials say, the use of aeroplanes as locaters of enemy artillery will be done away with.

OPEN TO BOYS FROM 16 TO 20 YEARS OLD

Contest in Live Stock and Grain Judging Will be Staged at State Fair This Year

PRIZES WILL BE AWARDED

Each Contestant Will be Required to Give Reasons For Making Decisions He Does

Ambitious Indiana boys who would like to attend the eight weeks winter course at Purdue University next winter may do so with all expenses paid by winning one of the prizes offered by the State Board of Agriculture in the Boy's Livestock and Grain Judging contest at the Indiana State Fair on Sept. 4th. This contest is open to any Indiana boy between the ages of 16 and 20 years inclusive who has not been regularly enrolled in any agricultural college or has previously won a prize in a previous state fair judging contest. Two hundred and fifty dollars will be given in cash to the boys standing first, second, third and fourth. This liberal offer affords boys who are interested in an agricultural education an opportunity to attend Purdue even though available funds are short.

Each contestant will be required to place and give brief reasons for his placing of one class each of draft horses, mutton sheep, lard hogs, beef cattle, dairy cattle, white corn, yellow corn and wheat. The work of the contestants will be graded on a basis of 60 percent on placing and 40 percent on reasons.

The classes of livestock will be placed by the judges of the regular classes and the reasons will be

WILL SHOW MOVIES ON BATTLESHIPS

Latest Films Will Help Entertain British Sailors in Their Wait For German Fleet

CITIZENS RAISED A FUND

(By United Press.)

London, July 10. (By Mail)—The latest films, and good ones at that, instead of the flickery, eye-straining kind, will be shown to the British sailors in their long, arduous wait for the German fleet to come out and fight. Liverpool citizens established a fund which they placed at the disposal of Admiral Beatty for any purpose he might name and the Admiral wrote back:

"I can serve this intention in no better way than by indicating the work of the newly-formed Fleet Cinema Committee, organizing moving-picture entertainments on each ship. The benefit to the men will be real and lasting and I know of no better means by which their minds can be temporarily withdrawn from the monotony of their surroundings and thereby become refreshed and reinvigorated to renew their work."

graded by a member of the Animal Husbandry Department of Purdue University, thus giving each boy a chance to compare his judgment with that of the best judges in the country and see at close range how these men examine an animal and hear them give their reasons for placing them as they do.

More detailed information concerning the contest may be obtained by writing to Purdue University School of Agriculture, Lafayette, Ind., or to Chas. Kennedy, secretary of Indiana State Fair, Indianapolis, Ind.

Come In and Look Over The McCormick Corn Binder

YOUR corn is a valuable crop nowadays. You need all of it, can't afford to waste any, and must use the most economical way to harvest it.

Of course hand cutting is very slow hard work, at a time when help is hardest to get. If the corn is down and tangled, with many short stalks, it is still much slower and more wasteful.

The McCormick corn binder is a wonder for the corn grower. It saves the hardest kind of labor and much time, gathers all your corn — short, long, down, tangled — into neat, easily-handled bundles. It is easy on the horses, convenient for the driver.

The more careful a buyer you are, the surer you are of buying a McCormick. Come in and see it.

Plain About Dependents

The provost marshal-general has sent a message to Governor Goodrich calling his attention to the reasoning which the local selection should go through in acting on a claim for exemption on account of dependents. He says:

"Please call attention of local boards to the fact that a soldier's pay is not less than \$30 a month and that all clothing, subsistence, medical treatment, and housing are furnished him. Under the law he may allot any portion of his pay to a dependent. Many soldiers receiving \$30 a month are easily able to allot \$25 monthly to the support of dependents.

"In case of death in line of duty the government will pay to the beneficiary designated by the soldier six months' pay. Section 4 of the selective service act provides that those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable may be discharged, but it does not require that they shall be discharged in all such cases.

"The discretion of local boards is invoked by this provision and such boards may well take the facts recited above into consideration in deciding claims for discharge due to dependency with a view to determining whether, as a matter of fact, the person claiming such discharge will not be in as good or better position to support his dependents after selection for military service than he was before. If such is the case, of course, the discharge should not be granted.

Soldiers May Vote

Provost Marshal-General Crowder has made it plain in a statement issued at Washington that the federal government will have no bar to soldiers voting in their respective homes. This means that every Rush county man in the service of the United States army or navy will be allowed to participate in the election next November, providing the war is still in progress at that time. The

only thing that prevents any soldiers from voting is the necessary state law.

The last session of the Indiana legislature enacted a law giving Indiana soldiers the right to cast their ballots regardless of where they are stationed at the time of election. The question came before the legislature as many Hoosier soldiers' duty along the Mexican border were prevented from voting in the last general election because this state had never given soldiers at the front specific right to cast their ballots. The old law provided that voters must cast their ballots in the precincts in which they claimed legal residence. Of course, it was impossible for the men on the Mexican border to return to Indiana on election day and as a result they were precluded from participating in the election.

At the time the law was enacted there was considerable sentiment in favor of it. The public realized that if Hoosiers are loyal enough to serve their country at the front they ought to be entitled to the privilege of voting.

Illustrating The Tariff

According to the U. S. Consul General at Shanghai, China, the United States stood first on the list in trade with Shanghai in 1916, with a total of \$82,293,022. But there is this to note in qualification of that statement: Our Shanghai trade consisted of \$26,000,000 in sales and \$56,000,000 in purchases, or \$30,000,000 out of our pockets in the annual reckoning. Great Britain's trade with Shanghai totaled \$72,270,092. But Great Britain bought from that province \$21,000,000 worth, and sold it \$51,000,000 worth making a profit of \$30,000,000, just what we lost. Japan, third, total trade, \$72,216,043, sales \$44,000,000, purchases, \$28,000,000, profit \$16,000,000. Hongkong, with a total of \$31,000,000, made a profit of \$4,000,000. France and Russia bought more than they sold in their dealings with Shanghai, but in neither case was the balance against them anything like the Shanghai balance against us. The Underwood-Wilson law is very rich in such illustrations as this.

A Three Year Nap

The fourth year of the war in Europe has begun and the fourth month of our participation in it has ended. If we had begun to do, three years ago, some of the things which we are hardly prepared to do after four months of effort, our contribution to our Allies would be more emphatic and valuable. When the reckoning is taken, both among those who have favored our entry into the war and those who have clamored to be "kept out of the war," the one outstanding thing, the one item of censure upon which all will be agreed is that our neglect of national preparedness for three years was nothing short of criminal in its folly—and there will be no difficulty in allotting the blame for it.

Mr. McAdoo's constantly increasing estimates and demands for money necessary to carry on the war recalls the story of the two ladies who were talking about money matters. "Does your husband give you all the money you want?" asked one. "Merely no," replied the other. "There isn't that much money in the world."

Among the charges against a southern sheriff whom his constituents are trying to remove from office, is that he smokes cigarettes. The cuss should cultivate a few real vices.

An exchange protests against the proposal to make men's garments without pockets. Come to think of it, they aren't of much use any more.

Let us hope that while Russia is in the reform business she will take a shot at her language.

Too much Denman—too much Goethals—too few ships.

—Mrs. Frank Catt has left for Detroit, Mich., for a visit with relatives and friends.

Private Peat Who Speaks At Chautauqua Sunday.

The following are some press comments concerning Private and Mrs. Harold R. Peat, who will appear at the chautauqua Sunday afternoon, Private Peat having been wounded while on duty on the west front in Europe and disabled.

"Private Peat's talk was most appealing in its quaint humor and boyish naturalness. To give such a grim subject a human turn; to reflect the life and spirit of youth at the front, under the most appalling conditions in speech, is an art indeed, and this young Canadian soldier has that art."

Evanston Star, Chicago.

"Hearing the young Canadian soldier, Private Peat, tell of the life in the trenches, is the next thing to going to war."

St. Louis Republic

"Private Peat's lecture was one of the finest things I have ever heard."

MAJOR GIGNILLIATT

Commandant Culver Academy
"Mrs. Peat has a message for every woman in America."

Indianapolis Sunday Star

"Mrs. Peat has a charming and attractive manner and is a markedly good speaker. She has been in the war zone since the beginning of the hostilities and her opinions on the many subjects of woman's place in the struggle are worthy of close

attention."

EMILY MURPHY
Dominion President Canadian Woman's Press Club.

Mrs. Peat has been through 14 Zeppelin raids. After nearly two years in the trenches Private Peat was shot in the lung and shoulder. He will tell of gas attacks and the tanks in action.

Obituary

The Death Angel visited our home last Saturday evening and took from our midst our beloved husband and father after an illness of four weeks. He bore his suffering well and never complained. He was widely known and was loved by all who knew him. He was a good and honest man, always ready to help at any time that was needed. He was a good, kind husband and a faithful father. He will be sadly missed at home and by his friends and neighbors as he was a man who loved his home.

Commodore Perry Bennett was born in St. Paul on Feb. 5th 1863 and passed away to the great beyond on August 4th 1917 at the age of 52 years and 5 months. He was married to Mrs. Cora Adams, Dec. 12th 1896. To them were born two sons, one having died in infancy. He is survived by his wife, one son, Wilbur Bennett, one stepson Leroy Adams and two grand children to mourn the loss of a good husband and father and grandfather and a host of relatives and friends who will sadly miss him. He leaves also 2 brothers and one sister. Willard Bennett of Rushville, Robert Bennett of Kentucky and Mrs. Nellie McCarthy of Indianapolis.

Gone But Not Forgotten

A precious one from us is gone. The voice we loved is still. A vacant place within our home That never can be filled. Those darling hands that toiled so hard, Was folded on his breast and Jesus took him home. Where there's no toil but rest, Farewell our dear and loved one. We hope to meet some day. And there will be no sorrow, But our tears will all be wiped away. THE SAD ONES' WIFE, SON STEPHEN AND DAUGHTER-IN-LAW 12641

Town Boys, Fall In!

(By George Ade)

Do you know of a boy, somewhere between 16 and 21, husky and of good mind, who understands about the war and wants to help his country win this war?

If so, tell him to get ready to go to the recruiting station and enlist for service. He will not be sent to the trenches. He will not have to drive an ambulance over torn-up battlefields. He won't even hear the big guns.

Just the same he will be serving his country, and for this service he will be awarded a badge of honor which will be worth several times its weight in gold, for it will be evidence that the boy came to the front with manly patriotism when he was needed.

President Wilson at his desk in Washington, the man hammering rivets in a ship yard, the expert mechanic adjusting the parts of an aeroplane, the farmer driving a self-binder some where in Minnesota—all these are helping to win the war, just the same as the American soldiers who are learning to throw hand grenades.

Gunpowder will never win a war unless the soldiers have something to eat. Any man or boy who helps to grow and harvest a crop while the war is on, is helping the United States in its big job of feeding the world.

Town boys, everywhere, attention! Your country needs you.

You are asked to join the Boy's Working Reserve.

You are called upon for non-military service in the fields where crops are being grown.

Watch your home paper and when the recruiting office opens, go and enlist.

Remember you must be at least 16 and under 21, in good health and free from threatening diseases. You must have the written consent of your parents or guardian. You must take the oath of service and be enrolled, but you will not be a real member of the Reserve and have a right to wear the badge until you have "made good" in the work you tackle. You will have to do about three week's actual work on the farm before you are a "regular." Then, if you have worked loyally and faithfully during 1917, the local officers will recommend you to the national organization and you will receive the "Honorable Service" decoration to be attached to the badge you are already wearing.

All sorts of plans are being discussed for physical training after the boys enlist and before they go to the farm, for putting the boys into camps, for having special instructors and so on.

The message I am trying to deliver herewith, as messenger boy for

the State Council of Defense, is that the Boy's Working Reserve is to be organized in every part of Indiana and that boys who are just under the fighting age will have a chance to help serve their country. Parents or guardians may revoke enrollment and withdraw the boys from service anytime they see fit.

You have, in a very small nutshell, the plan for the Boy's Working Reserve.

No matter how long the war lasts, the farmers will be short of help during the rush seasons. When the drafted men go away, the call for "hands" will be louder than ever before.

In the cities and towns are plenty of strong and capable fellows, practically full grown, but still under fighting age and not yet settled into permanent positions. They are the only reserve workers to be found in the state. Most of them are fairly intelligent. Only a small percentage are downright lazy. The question is, can they be utilized on the farms.

The answer is "Yes", because the Reserve is being tried out in several states and the reports are encouraging.

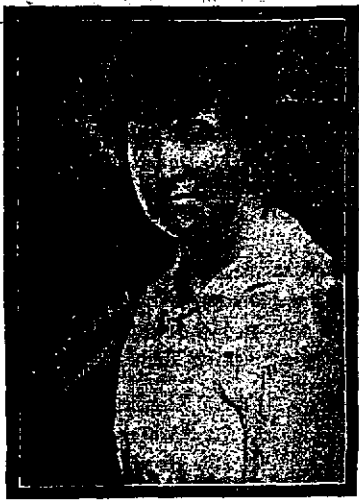

There was a time when every country boy was supposed to be a rugged giant and every town boy was a pale and sickly invalid. That was before the public schools went in strong for athletic sports. Nowadays the boy of high school age has learned to play foot-ball, basketball or base ball, or all three. He had tried for a track team. He knows the rules for training and prides himself on his good physical condition. If he volunteers to go out on a farm and help get in a crop, he will be a greenhorn regarding some details of the work, but how long will it take him to learn under kindly and sensible direction.

The average town boy, if given a fair chance and not ridden or ridiculed by the young bucks who live in the country all the time, undoubtedly will learn to do his part.

So get ready for the Boy's Working Reserve. It comes with the official sanction of President Wilson. It is being organized and directed by the Department of Labor. Governor Goodrich is the official head of the Reserve here in Indiana. The State Council of Defense endorses it to the limit. Isaac D. Strauss, of Ligonier, a member of the State Council, is the live wire in charge of actual organization throughout the State. The government is trying to get a direct passage to the boys old enough to work, but not old enough to fight. It says to them, "Help us to win the war and we will pin upon your coats the badges of honorable service."

SUFFRAGE LEADER LECTURES TODAY

Continued from Page 1.

MRS. GRACE WILBUR TROUT

Some confusion has been caused because there is no program Saturday night. None is provided for in the printed program, but in a write-up of the Chicago Operatic company, it was unintentionally stated that they would be here Saturday afternoon and night. The night program was discontinued because in past years the attendance has never been very good.

The announcement last night that Senator James E. Watson would speak Sunday afternoon was received with a ripple of applause from the audience.

Saturday afternoon, at three o'clock prizes will be awarded in the flower contest for school children conducted by the Rushville Womans Council. This is always an event of great interest. The prize winners and other flowers grown in the contest will be displayed.

The lecture tomorrow afternoon at three o'clock by Dr. J. C. Beavers of Purdue university will pertain to crops and their improvement. He has lectured at institutes and chautauquas for several years. His subject here will be "Wheat Improvement."

The Cordova Concert company left such an impression at the post-lude yesterday afternoon at four o'clock that many wished the company was here for more than one appearance. There were three women and a man and they all proved to be versatile musicians, playing the piano, flute and violin, and one member was a reader of great ability. The program was of great variety and of the sort that chautauqua audiences like to hear often.

From gay jests and neatly turned points of humor to the terrific declaration that "The Kings must go," Dr. Edward A. Steiner kept the audience thinking and in good humor at the chautauqua last night. He demonstrated his great ability as a linguist as well as his ability to think in world terms.

He declined patriotism in a way that gave everyone a new idea of the much-used term. He insisted that patriotism had a stomach-line as well as a heart-line and that man's love of country depended much on the state of his well being in that country.

Dr. Steiner said that he was born in Vienna of the Jewish faith, and it was very apparent from his words that he had been converted to the Christian religion. Dr. Steiner was also very plain about his Americanism.

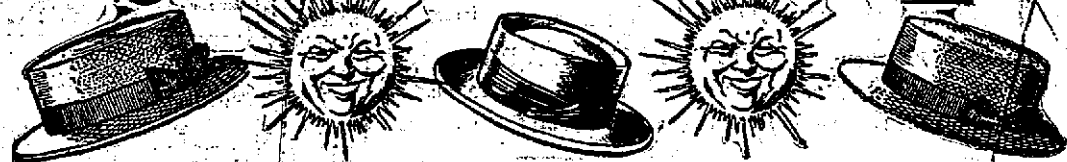

"All the real estate I own is a cemetery lot in Grinnell, Iowa, a bit of ground I treasure," he said. "but as I travel across this continent lecturing and on other trips I say to myself, this is my country in which I live and for which I am willing to die."

Dr. Steiner kept the audience willing listeners for an hour and a half with clever stories. For instance, he asserted he could tell who brought on the war. He did it in an apt child's story, in which the answer to a query as to who caused it was:

"The gentleman who keeps Hell is the particular party who started the war."

Dr. Steiner regretted that he had come upon a time when his conferees in German science and literature "jabbered like idiots," and that he must follow America in war upon them, but said that America was in this war righteously and it must be prosecuted to the end. He doubted not that our soldier boys will return with victory and honor upon their banners, but he contended for preservation of Germany, and its splendid science as well as of England and its democracy and France and all its loveliness. If Kings must go, so much English

aristocracy. He pleaded for the migrant to his own newspaper in his own foreign tongue, for there is some chance for him before mastering the English to keep in touch with the world. There is no danger in this, he said, for but a generation or two passes when lo and behold we find them all speaking English. The children of the German immigrants speak bad English, but worse German, he said. They are rapidly taking up the English tongue and America is the one great nation having one spoken and written language. But a small part, saving here of the rights of the im- even of Germany is Germanic. It is Slav and Latin and Celt and Teutonic. "The United States is the most unified political unit in existence," he said and he traced entertainingly the origins of the peoples of the world. "Our states are all about alike. We can recognize them only by the ease or difficulty with which you can get a drink or a divorce."

One of the most moving incidents the humorously related was that told by Dr. Steiner of a little supper Col. Roosevelt gave, in honor of Dr. Steiner's brother, who the latter a few years ago insisted upon having come over from America to return frequent visits by the speaker. At the table at which eleven gentlemen sat only two had unmixed ancestry. Col. Roosevelt has at least four strains of Dutch and German and other things. Dr. Lyman Abbott modestly admitted that while his ancestors came over in the Mayflower his four sons all married girls of foreign strains and he told how fond he was of his Jewish grandchildren. Steiner himself became converted to the Christian faith in Indiana. He now lives at Grinnell, Iowa.

An enthusiastic audience heard Bishop Hughes yesterday afternoon lecture on "The Biography of a Boy," and when he concluded everyone knew that he still retained memories of the days when he was a boy. Rush county people will be glad to have Bishop Hughes back again some day.

PURDUE WILL OPEN LATER

Because of Students on Farms Opening Is Advanced

Lafayette, August 9.—To permit students who are employed on farms to assist in September farm work, opening of Purdue university will be delayed next fall until Sept. 26. Originally, the opening date was set for Sept. 12.

President W. E. Stone, made the announcement of the delayed opening, and at the same time declared

WHY PUT OFF PAINTING

Till the end of the war. Meanwhile your house is going to decay for lack of needed paint, and the longer you put off painting the greater will be the cost of needed carpenter repairs. Let us quote our REASONABLE PRICES FOR PAINTING NOW.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

In Arizona there are 37 clubs with a membership of 493. The state champion club at Thatcher last year canned 903 quarts of vegetables and fruits. Every girl exhibited either at the county or at the state fair and several at both. The club won the large silver trophy donated by the Arizona Bankers' Association. A member of the club in her individual report states: "I had a friend whose mother died, leaving her to take care of and be a mother to a large family. She was a very inexperienced girl. I helped her and taught her to can fruits and vegetables." Another member reports: "I had no garden. And the orchard is too young to bear fruit, so all of the fruits and vegetables had to be bought. It was great fun to go after them. The more fruit I can, the more I want to can."

In New York State there is a total of 159 clubs with a membership of 1,489. A little 134-year-old club in Hyde Park, New York, whose father

TAKES TEACHERS ON
A TRIP TO BOSTON

Dr. F. H. Green This Morning Tells
of Visit to Mt. Auburn Cemetery
and With Poets.

DR. C. C. ELLIS ALSO SPEAKS

Dr. Francis H. Green talked to the teachers institute this morning about "Rambles Around Boston" and a collection of replies he had received from the great literary men of America. Dr. C. C. Ellis, who spoke for the first time this morning, discussed the outlining of a course of study. The program committee of the institute met immediately after the adjournment today. It is composed of Miss Belle Gregg of this city, Mrs. Edna Taylor of New Salem, Supt. Eugene Butler of Carthage, A. M. Taylor of the Homer school and Miss Emma Terhune of Milroy.

The resolutions committee has been appointed and is composed of the following: Miss Belle Gregg, W. E. Wagoner of Milroy and Eugene Butler of Carthage. Ninety-three teachers were enrolled today.

Dr. Green took the teachers on a delightful visionary trip around Boston, showing them the graves of famous personages in Mt. Auburn cemetery and taking them on a visit which he made with Whittier and Lowell when a young man. His first lecture was regarding answers he received from over 360 famous literary men in reply to a letter he sent them. The answers have been put in book form by Dr. Green and are being sold by him.

corps.

Carey Carson of Indianapolis, formerly of this city, was commissioned Infantry captain in the officers reserve corps.

Wendell L. Willkie of Elwood, also well known here among the young people, was appointed first lieutenant in the Infantry section of the officers reserve corps.

George W. Bliss of Indianapolis, nephew of Will M. Bliss and very well known in Rushville, was appointed captain in the Infantry section of the officers reserve corps.

Walter S. Buckingham of Morris-town received a second lieutenantcy in the infantry section of the reserve corps.

Donald A. Stackhouse of Indianapolis, who at one time lived in Rushville and is related here, was appointed first lieutenant in the Infantry section of the officers reserve corps.

Glenn M. Newby of this county received a commission as second lieutenant in the cavalry section of the officers reserve corps.

Byron Coving, son of Mr. and Mrs. J. L. Coving, was discharged. It is also supposed that James Shanahan, son of James Shanahan, was discharged. His name does not appear in the list of appointments. Loren Martin, son of Mr. and Mrs. R. E. Martin, was discharged a few weeks ago on account of physical unfitness.

—Paul Morgan of Milroy visited friends here last evening.

E. R. CASADY

DR. H. S. HITCH NAMED
NEW SUPERINTENDENT

Michigan Man Appointed Superin-
tendent of New Marion County
Tuberculosis Sanatorium.

MRS. HUDNALL HEADS NURSES

Indianapolis, Aug. 9.—The board of directors of the recently constructed Marion County Tuberculosis Sanatorium today announced the appointment of Dr. Harold S. Hatch as superintendent of that institution and Mrs. Carrie Hudnall as superintendent of nurses.

Dr. Hatch comes to Indiana from Michigan, where he has been connected with the Michigan State Board of Health in tuberculosis survey work. He is well equipped for his new duties having been connected with Seaview hospital in New York, which is probably the largest institution for the treatment of tuberculosis in the United States, with the Nopeming sanatorium at Duluth and with Mirdale sanatorium, the county sanatorium of Milwaukee county, Wisconsin.

Mrs. Hudnall, the superintendent of nurses also has had wide experience in dealing with tuberculosis, having specialized on that subject during training and coming directly from the position of superintendent of nurses at Healthwin, the tuberculosis sanatorium of St. Joseph county, Indiana. She is a graduate of Randolph-Macon College at Lynchburg, Virginia, and of the University of Maryland, Baltimore, Maryland, and has had some experience in Endowment sanatorium in Maryland.

The opening of Sunnyside, the new Marion county sanatorium, will mark the consummation of many years' planning by social and charity workers of Indianapolis and Marion county, as the need for such an institution has been long felt.

Mrs. Fred Cöhran is still at her home in West Fourth street.
